Martinez, California 94553-1282
Telephone (925) 646-2181
Fax (925) 646-2649

Stephen J. Ybarra
Auditor-Controller

Elizabeth A. Verigin
Assistant Auditor-Controller

December 28, 2007

Members of the Board of Supervisors and Citizens of Contra Costa County:

The Comprehensive Annual Financial Report (CAFR) of the County of Contra Costa for fiscal year 2006-07 is presented in compliance with the California Government Code Sections 25250 and 25253. The Office of the County Auditor-Controller, which is responsible for both the accuracy of the presented data and the completeness and fairness of its presentation, including all disclosures, prepared this report. We believe the data, as presented, is accurate in all material respects, presented in a manner designed to fairly set forth the financial position and changes in financial position of the county and its various funds, and includes all disclosures necessary to enable the reader to gain maximum understanding of the county's financial affairs.

Management of Contra Costa County is responsible for establishing and maintaining a comprehensive system of internal controls to ensure that the assets of the county are protected from loss, theft, or misuse, and that accounting data is compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Internal controls are designed to provide reasonable, but not absolute, assurance that those objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgment by management.

For over 60 years, the policy of the county has been to require an annual audit of the financial statements of the county by independent, licensed certified public accountants. The Board of Supervisors selected the firm of Caporicci & Larson, Certified Public Accountants, to perform the fiscal year 2006-2007 audit.

The independent auditor concluded that the county's financial statements for the fiscal year ended June 30, 2007, are fairly presented in conformity with accounting principles generally accepted in the United States of America. The independent auditor's report is presented as the first component of the financial section of the CAFR.

The CAFR represents the culmination of all budgeting and accounting activities engaged in by management during the year, covering all of its financial transactions. The accounting principles generally accepted in the United States of America require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A),

which is located after the independent auditor's report. The letter of transmittal is designed to compliment the MD&A and should be read in conjunction with it.

The CAFR is organized into three sections:

- *The Introductory Section* is intended to familiarize the reader with the organizational structure of the county, the nature and scope of the services it provides, and the specifics of its legal operating environment.
- *The Financial Section* includes the independent auditor's report on the basic financial statements, MD&A, audited basic financial statements, note disclosures and supporting statements, and schedules necessary to provide readers with a comprehensive understanding of the county's financial activities of the past fiscal year.
- *The Statistical Section* provides the reader with additional historic perspective, context, and detail to assist in using the information in the financial statements. It provides information in five categories: financial trends; revenue capacity; debt capacity; demographic and economic information; and operating indicators.

Profile of the Government

Contra Costa County was incorporated in 1850 as one of the original 27 counties of the state. It is one of nine counties in the San Francisco-Oakland Bay Area. The county covers about 733 square miles: the western and northern shorelines are highly industrialized, while the interior sections are suburban/residential, commercial, and light industrial.

The county has a general law form of government. A five member Board of Supervisors, each elected to four-year terms, serves as the legislative body. A County Administrative Officer is appointed by the Board and runs the day-to-day business.

The county provides the full-range of services contemplated by statute. These services include public protection, highways and streets, sanitation, health and social services, planning and zoning, and general administrative services.

The county reporting entity includes all the financial balances and activities of the primary government as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable or other organizations for which the nature and significance of the relationship with the primary government are such that exclusion would make the enclosed financial statements misleading or incomplete. For further information on component units, see Note 1.A in the "Notes to the Basic Financial Statements" in this report.

The reporting entity excludes certain separate legal entities that may have "Contra Costa" in their title, or that are required to keep their funds in the County Treasury, or receive their tax apportionment from the county. Examples are school districts, the community college districts, cities, city redevelopment agencies, the Bay Area Rapid Transit District, the Metropolitan Transportation Commission, and a variety of special purpose districts for cemeteries, mosquito abatement, recreation and parks, etc. Those entities are autonomous organizations that

handle their own fiscal affairs and for which the Board of Supervisors has no oversight responsibility. Accordingly, they are not included in the accompanying basic financial statements, except for their assets, principally cash and investments, which are held by the County Treasurer.

The annual budget serves as the foundation of the county's financial planning and control. The Board of Supervisors is required to adopt a proposed budget before the start of the fiscal year. The budget is prepared by fund, function (e.g. public protection), department (e.g. Sheriff), and object level (e.g. salary and benefits). Department heads, with the approval of the County Administrator, may make transfers within the department; however, transfers between departments require the approval of the Board of Supervisors. For further information on the budget, see the "Note to Required Supplementary Information" in the Required Supplementary Information (other than MD&A) section of this report.

Local Economy

The county continues to enjoy a relatively strong local economy. Long-term population and job growth projections remain positive. As of January 1, 2007, the county's population was estimated at 1,042,341. This represents an increase of approximately 4.8% compared to the county's population as of January 1, 2003. A study prepared by the Association of Bay Area Governments projects a 36.0 percent increase in population between 2000 and 2040.

Between July 2006 and June 2007 the county's jobless rate increased from 4.5 percent to 4.7 percent, which was significantly below the statewide averages of 4.9 percent and 5.4 percent, respectively (not seasonally adjusted). The county's economy is very diverse: major industries include petroleum refining, steel manufacturing, chemicals, electronic equipment, paper products, and utilities. The county consistently ranks as a leader in both per capita and household income.

Population		Median Price of Existing Homes Sold		
2003	994,908	2004	August	\$455,000
2004	1,007,606	2005	August	\$550,000
2005	1,020,898	2006	August	\$578,000
2006	1,030,732	2007	August	\$575,000
2007	1,042,341			

Retail Sales (Thousands)		Retail Sales Per Capita	
2003	\$12,223,295	2003	\$12,285
2004	\$12,990,538	2004	\$12,893
2005	\$13,480,075	2005	\$13,204
2006	\$14,015,790	2006	\$13,598

Long-term Financial Planning

The County Administrator is committed to prudent fiscal management and engages in targeted long-term financial planning, when possible and appropriate.

Established a Facilities Life-Cycle Investment Program and a Facilities Condition Assessment Action Plan

The Facilities Life-Cycle Investment Program and Facilities Condition Assessment Action Plan provides for condition assessments of approximately 90 buildings comprised of approximately three million square feet. The assessment is expected to result in a comprehensive database that catalogs current deferred maintenance and future capital renewal costs for county buildings. The database will describe and assess the condition of building systems (roof, mechanical, electrical, plumbing, structural, etc.) facility deficiencies, recommended corrective action, estimated cost to correct deficiencies, and priorities of the recommended corrective actions. This information will allow staff to perform the following:

- Establish credible information for qualified decision-making and budgeting.
- Prioritize short-term maintenance plans and identify long-term strategies.
- Identify and estimate the cost of current deferred maintenance backlog.
- Define equity and parity issues to guide equitable funding decisions.
- Forecast future expenditures.

Established a Task Force to manage the County's long-term liability for Other Post Employment Benefits (OPEB)

The county established a task force to manage the county's long-term liability for Other Post-Employment Benefits (OPEB). The Board of Supervisors established goals to guide the county's OPEB work that include the following: 1) comply with Governmental Accounting Standards Board (GASB) Statement 45; and 2) adopt an OPEB financing plan that balances the requirement to provide public services with competitive health care benefits for county employees during their employment and retirement.

To achieve the Board's goals, the OPEB Task Force utilized the breadth of expertise available within the county and through professional contracts in each of the following areas: financial, audit, budgetary, personnel, labor relations, benefits, and legal. The importance of incorporating the perspective of all stakeholders also is being addressed.

The Board of Supervisors, through the work of the Task Force, either has accomplished or set a timeline to accomplish the following tasks.

- Ordered the GASB 45 required comprehensive calculation of liability (spring 2006) and established an OPEB Task Force with county representation and contracted specialists (fall 2006).

- Received OPEB Task Force presentation on OPEB challenge, focusing on the magnitude and possible changes to the liability (March 2007).
- Directed OPEB Task Force to report on funding targets including evaluating and calculating different targeted funding scenarios and the fiscal, budgetary, reporting, and programmatic impact scenarios under those funding levels (June 2007).
- Adopted an OPEB funding target of 40% of the total June 2007 estimated OPEB liability and identified \$588 million in future resources to be used towards the OPEB liability.
- Researching benefit plan designs including: researching detailed demographics of the current active employee population as well as retirees; researching best practices; making comparisons to other municipalities, public sector, and corporations in the area; and considering changes to benefit plan design, administration, cost sharing, and funding mechanisms (May 2007-August 2007).
- Directed the County Administrator to begin pre-negotiation meetings with county labor representatives regarding the development of possible plans and models for benefit reform (June 2007) and develop and deliver ‘brown bag’ education campaign for county employees, labor organizations, and the public (beginning September 2007);

Relevant Financial Policies

The Board of Supervisors adopted a comprehensive set of financial management policies, as described below.

Reserves Policy. The Board adopted a General Fund Reserves Policy in January of 2006. The Reserves Policy requires the county to maintain a General Fund balance equal to a minimum of 10% of General Fund revenues and an unreserved balance equal to a minimum of 5% of General Fund revenues. Reserves exceeding the minimum are applied only to one-time uses, such as additional reserves or capital projects up to an amount equal to 2% of General Fund revenues. The reserves only can be used in emergencies and if accompanied by a Board-approved plan to restore reserves to the target levels. The county’s audited financial report for Fiscal Year 2006-07 confirms compliance with the Reserves Policy, as the total General Fund balance was 11.6% of General Fund revenues and the unreserved portion was 9.1%.

Budget Policy. The Board adopted a Budget Policy in November 2006. The objectives of the Budget Policy are to establish best practices for the county’s budget process and to establish a requirement for preparation of multi-year budget projections. Among other things, the Budget Policy requires the adoption of structurally balanced budgets and requires mid-year updates on budget status by department, with corrective actions presented to the Board within 30 days for any cost centers over budget.

Debt Management Policy. In December 2006, the Board adopted a Debt Management Policy that established formal guidelines for the issuance and management of various types of debt instruments and other financial obligations. The Debt Management Policy provides that the county will undertake multi-year capital planning and sets forth guidelines for the term of debt issues, refunding savings targets, and other structural debt features.

The Debt Management Policy establishes a Debt Affordability Committee (DAC) to establish the viability of any proposed debt-financing, to monitor and evaluate the county’s performance against various debt ratio benchmarks, and annually prepare a comprehensive debt capacity report for the Board of Supervisor’s Finance Committee. The first annual report is expected in late 2007. Specific statistical measures are

monitored by the DAC and compared to those of other counties, rating agency standards, and the county's historical ratios.

Major Initiatives

Recovery Plan for the Doctors Medical Center- The Doctors Medical Center, operated by the West Contra Costa independently governed Health Care District (Health Care District), is a 247 bed facility located in the western portion of the county, which has a population of approximately 250,000, a significant portion of whom are low income. Doctors Medical Center provides medical services to the public and is a critical component of the County Emergency Medical Services system.

In September 2006, the Health Care District declared a financial emergency and authorized the filing of a bankruptcy petition in an effort to keep the hospital open. On September 19, 2006 and September 26, 2006, the Board of Supervisors received updates from the Health Care District regarding possible closure of the hospital. On October 1, 2006, the Health Care District filed a voluntary petition for Chapter 9 bankruptcy protection. On October 31, 2006, the Board of Supervisors approved the general structure of a recovery plan (the "Recovery Plan") to maintain services at Doctors Medical Center. The participants in the Recovery Plan are Contra Costa County, the Health Care District, the physician groups that independently admit patients to the hospital, the state, and the bankruptcy court, all of whom approved the general structure.

The Recovery Plan, in part, includes: (i) execution of a joint powers financing agreement between the county and Doctors Medical Center to establish a joint management board on which the county will have majority representation; (ii) execution of an agreement between the county and the Health Care District for the temporary transfer of installments from the County General Fund through June 30, 2007 of up to \$10 million to the state's General Fund (funds will be matched by the federal government and used by the state to provide enhanced Medi-Cal payments to Doctors Medical Center; and (iii) annual reallocation of approximately \$2.5 million of *ad valorem* property tax revenues that would otherwise be allocated to the Health Care District in each of four successive years commencing with the Fiscal Year beginning July 1, 2007 to the county to repay the county's transfer discussed in (ii) above.

On February 5, 2007, the Health Care District's Board of Directors unanimously approved the creation of a Joint Powers Authority (JPA). On February 6, 2007, the Board of Supervisors unanimously approved the creation of a JPA. The county is permitted to end its participation in the JPA at any time with 90 days notice.

The Doctors Medical Center Management Authority (Medical Center JPA) was organized pursuant to a Joint Exercise of Powers Agreement entered into in February 2007, between the county and the Healthcare District. A seven-member Board of Directors comprised of two members from the Healthcare District, one affiliated physician representing the Doctors Medical Center medical staff, and four members representing the county governs the Medical Center JPA. The county members of the Medical Center JPA are the Director of the County Health Services, the Chief Financial Officer of the County Health Services, and two members from the Board of Supervisors. The Medical JPA is working with Wellspring Management Services, LLC, formerly known as Speltz & Wells LLC and wholly owned by Huron Consulting Group, to develop a profitability analysis of existing services and potential operating models to reduce annual operating losses.

Each participant executed the Recovery Plan. If the Recovery Plan is not successful and Doctors Medical Center is closed, demand at the county public hospital and other hospitals in the area are expected to increase. The county is unable to predict the eventual impact that a future closure of Doctors Medical Center, if it occurs, would have on the financial condition of the county.

As of June 30, 2007, the County had transferred all \$10 million to the state's General Fund. Three million was transferred on November 3, 2006, \$3 million on December 5, 2006, and \$4 million on February 15, 2007.

Internet Bid system (e-outreach) - Implemented an internet-based county Outreach and electronic bidding process for all commodity purchases. Implemented mid year, the number of businesses informed of contract opportunities; grew from 1,940 in the first 6 months to 7,230 in the next 6 months, a 270% increase. There were 112 formal on-line solicitations for commodities resulting in a savings of over \$1.36 million.

Business Property Statements - Developed and implemented a computer application that enables electronic filing of Business Property Statements.

Library Self Service - Increased self-service opportunities including: checkout and return of library materials; return of library materials; credit and debit card transactions to accept donations; telephone renewals and notification of holds and overdue materials; email notices about upcoming due dates, holds, and overdue materials; and online registration of Library e-Cards, email notices and e-newsletters.

E-bidding - Processed 112 formal on-line solicitations for commodities resulting in a savings of over \$1.36 million.

Energy Efficiency - Completed 39 projects that will reduce the county's annual energy costs by an estimated \$951,100 per year and CO₂ emissions by 3.7 million pounds. The \$4.5 million cost of the projects was offset by \$805,000 in incentives and rebates.

Ship Channels and Levees - 1) Obtained \$3.916 million in federal funding for ship channel navigation projects (maintenance and deepening); 2) \$500,000 to continue planning and implementation of a state/federal long-term management strategy for the Delta to beneficially reuse dredged materials for levee rehabilitation, and to streamline the permitting process; and 3) \$1 million for levee rehabilitation projects in the Delta.

East Contra Costa County Habitat Conservation Plan (HCP) - Awarded \$15.47 million in grants including \$13.651 million in two separate grants from the U.S Fish and Wildlife Service for land acquisition \$991,000 for land acquisition from the U.S. Bureau of Reclamation; \$750,000 for land acquisition and restoration from California Department of Water Resources; and \$80,000 for staff time and studies from the California Department of Fish and Game. The Community Development Department will administer the grants.

Road Improvements - Awarded \$3,708,000 in grant funding, while spending only \$250,000 in preparing projects for grant submittals, a return of approximately 15 to 1.

Law Enforcement Teams - Awarded \$330,000 from the State Office of Emergency Services (OES) for the California Multi-jurisdictional Methamphetamine Enforcement Team and \$100,110 for the Sexual Assault Felony Enforcement Team (SAFE Team).

Health Coverage - Received \$46 million for three years to expand health coverage to uninsured Contra Costa County residents (state pass through of federal funds for the Health Care Coverage initiative).

Awards and Acknowledgements

The county received an Award for Excellence in financial reporting for its year-end financial reports for the fiscal year ended June 30, 2006. This Award for Achieving Excellence in Financial Reporting was presented by the California State Controller to the county for achieving the highest quality in California government accounting and financial reporting.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Contra Costa County for its comprehensive annual financial report for the fiscal year ended June 30, 2006. This was the twenty-fifth consecutive year the county has received this prestigious award. In order to be awarded a Certificate of Achievement, the county must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid only for a period of one year. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement program requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Office of the Auditor-Controller. I would like to express my appreciation to all members of the Office who assisted and contributed to its preparation. I would also like to thank the members of the Board of Supervisors and the County Administrator for conducting the financial operations of the county in a responsible and progressive manner.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

To the Honorable Board of Supervisors
of the County of Contra Costa
Martinez, California

We have audited the accompanying financial statements of the governmental activities, the business-type activities, a discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Contra Costa, California (County), as of and for the year ended June 30, 2007, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the following component units:

- Contra Costa County Employees' Retirement Association, which represents \$5,955,993,000 of assets of the Fiduciary Funds.
- Housing Authority of the County of Contra Costa, which represents \$72,973,000 of assets and \$92,889,000 of revenue of the business-type activities. The Housing Authority included the following blended component units:
 - Casa Del Rio Senior Housing Associates, L.P.
 - De Anza Gardens, Limited Partnership
 - De Anza Housing, Corporation
- FIRST 5 Contra Costa Children and Families First Commission, which represents \$56,484,000 of assets and \$15,091,000 of revenues. (Discrete component unit).

Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion on the basic financial statements of the County, insofar as it related to those amounts included for the above mentioned component units in the accompanying basic financial statements of the County, is based solely on the reports of the other auditors.

We conducted our audit in accordance with generally accepted auditing standards in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

Page Two

In our opinion, based on our audit and the reports of other auditors, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, a discrete component unit, each major fund, and the aggregate remaining fund information of the County as of June 30, 2007, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with generally accepted accounting principles in the United States.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 28, 2007 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The accompanying Required Supplementary Information, such as Management's Discussion and Analysis, budgetary comparison information and other information as listed in the table of contents are not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the Required Supplementary Information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the County's basic financial statements. The accompanying supplementary information is presented for purpose of additional analysis and is not a required part of the basic financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The Introductory Section and Statistical Tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2007

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the County of Contra Costa's Comprehensive Annual Financial Report presents a discussion and analysis of the financial activities of the county for the fiscal year ended June 30, 2007. We encourage readers to consider the information presented here in conjunction with additional information that we furnished in our Letter to the Board of Supervisors and Citizens of the County.

Financial Highlights

- The government-wide assets of the county exceeded its liabilities at the close of fiscal year 2006-2007 by \$1,020,294,000 (net assets), a 3.7 percent increase from the prior year. Of this amount, \$477,515,000 was invested in capital assets, net of related debt, a decrease of (4.7) percent. Of the remaining net assets, \$420,325,000 was restricted for specific purposes (restricted net assets), an increase of 29.9 percent, and \$122,454,000 was available to meet the county's ongoing obligations to its citizens and creditors (unrestricted net assets), an increase of 23.2 percent.
- As of June 30, 2007, the county's governmental funds reported, in the fund financial statements, ending fund balances of \$586,506,000, an increase of 26.6 percent from the prior year. Of this total amount, \$408,290,000 (69.6%), was unreserved fund balance.
- As of June 30, 2007, unreserved fund balance for the General Fund was \$116,113,000 or 9.1 percent of total General Fund revenues of \$1,277,830,000.
- Net assets of the internal service funds (self-insurance funds) was a surplus of \$8,423,000, an increase of \$30,033,000 from the prior year.
- The county's total debt increased by \$47,326,000 ((4.2)%) during fiscal year 2006-2007. The increase was primarily due to the issuance of the 2007 Series A Lease Revenue Bond (\$122,065,000), 2007 Series A and B Tax Allocation Bonds (\$104,370,000) by the Redevelopment Agency used to refinance existing debt, Sanitation District Number 5 Note Payable (\$550,000) and the Housing Authority, also issued additional debt.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the county's basic financial statements. The county's basic financial statements are comprised of three parts as follows: (1) **government-wide** financial statements; (2) **fund** financial statements; and (3) **notes** to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the county's finances in a manner similar to a private-sector business.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2007

The **statement of net assets** presents information on all of the county's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the county is improving or deteriorating.

The **statement of activities** presents information showing how the county's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that only will result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned but unused vacation and sick leave.

Both of the government-wide financial statements distinguish functions of the county that principally are supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all, or a significant portion, of their costs through user fees and charges (business-type activities). The governmental activities of the county include general government, public protection, health and sanitation, public assistance, education, public ways and facilities, and recreation and culture. The business-type activities of the county include the County Hospital, Airport, Housing Authority, Sheriff Law Enforcement Training Center, Major Risk Medical Insurance, Health Maintenance Organization Medi-Cal Plan and Health Maintenance Organization Commercial Plan.

Fund Financial Statements

The fund financial statements report groupings of related accounts and are used to maintain control over resources that have been segregated for specific activities and objectives. The county, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the county can be divided into three categories as follows: (1) **governmental** funds, (2) **proprietary** funds, and (3) **fiduciary** funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of resources that are available for spending as well as on balances of resources that are available for spending at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Since the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the county's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The county maintains 28 individual governmental funds (e.g. general fund, special revenue funds, debt service funds, capital projects funds and permanent fund) for reporting purposes. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2007

changes in fund balances for the General Fund, Contra Costa County Fire Protection District Special Revenue Fund, Land Development Special Revenue Fund and County Pension Bond Debt Service Fund which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of those nonmajor governmental funds is provided in the form of combining statements and schedules elsewhere in this report.

The county adopts an annual appropriated budget for its General Fund. A budgetary comparison schedule has been provided for the General Fund to demonstrate compliance with this budget.

Proprietary funds used by the county are of two different types as follows: (1) enterprise funds, and (2) internal service funds. Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail.

- **Enterprise funds** are used to report the same functions presented as business-type activities in the government-wide financial statements. Information is presented separately in the enterprise funds sections of the proprietary fund statement of net assets and in the proprietary fund statement of revenues, expenses, and changes in net assets for the County Hospital Enterprise Fund and Housing Authority Enterprise Fund, which are considered to be major funds. Data from the other enterprise funds are combined into a single, aggregated presentation. Individual fund data for each of those nonmajor enterprise funds is provided in the form of combining statements and schedules elsewhere in this report.
- **Internal service funds** are used to accumulate and allocate costs internally among the county's various functions. The county uses internal service funds to account for its administrative costs and payment of claims for its various insurance programs to protect county assets and employees. The internal service funds are allocated between the governmental functions and business-type activities in the government-wide financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Fiduciary funds are used to account for resources held for the benefit of entities legally separate from the county and individuals, which are not part of the reporting entity. The Contra Costa County Employees' Retirement Association (CCCERA) pension plan, the county's investment trust fund, private-purpose trust fund, and agency funds are reported under fiduciary funds. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the county's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to fully understand the data provided in the government-wide and fund financial statements.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning the county's major governmental funds budget and actual comparisons. Progress in funding its obligation to provide pension benefits to employees is included in the CCCERA report.

**COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS**

June 30, 2007

Combining Statements and Schedules

The combining statements and schedules referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplementary information (other than MD&A).

Component Units

The blended component units, as described in Note 1.A in the "Notes to the Basic Financial Statements," are included in all three parts of the county's basic financial statements. The county and its blended component units constitute the primary government. In addition to the blended component units, the government-wide financial statements and the notes to the basic financial statements also include the discretely presented component unit described in Note 1.A in the "Notes to the Basic Financial Statements."

Analysis of Government-Wide Net Assets

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The county's total assets exceeded total liabilities by \$1,020,294,000 at June 30, 2007. The largest portion of the county's total net assets, \$477,515,000 (46.8%), reflects its investment in capital assets (e.g., land, infrastructure, buildings, machinery, and equipment), less any related debt used to acquire those assets. The county uses capital

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2007

assets to provide services to citizens; consequently, those assets are not available for future-spending. Although the county's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate those liabilities. An additional portion of the county's total net assets, \$420,325,000 (41.2%) percent, represents resources that are subject to external restrictions on usage. The major restriction on net assets, \$347,373,000, is for legally segregated taxes, grants, and fees.

The remaining balance of total net assets, \$122,454,000 (12.0%) percent, is unrestricted and may be used to meet the county's ongoing obligations to citizens and creditors. Unrestricted net assets of governmental activities increased primarily due to the Board of Supervisor's desire to improve the county's financial stability through stringent cost controls.

Unrestricted net assets of business-type activities decreased primarily due to losses in the provision of health care services (HMO Medi-Cal) and the Housing Authority.

COUNTY OF CONTRA COSTA MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2007

Analysis of the Changes in Government Wide Net Assets

The county's net assets increased by \$34,123,000 during fiscal year 2006-2007. Generally, this resulted from the increase in revenues outpacing the increase in expenses. The changes are explained below in the governmental activities and business-type activities discussions.

Governmental Activities

Revenues by Source - Governmental Activities

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2007

Governmental activities increased the county's net assets by \$39,323,000. The increase in net assets primarily is due to the county's continuation of a policy to rebuild fund balance reserve. This was accomplished through stringent expenditure controls, such as minimizing capital expenditures during the period.

Operating grants and contributions increased due to the improved financial condition of the state and its ability to increase funds flowing to the county.

Investment earnings revenue increased primarily due to the fiscal policy resulting in increased cash available for investment and an increase in the rate of return achieved an average yield of 5.14% for fiscal year 2006-2007.

Taxes increased overall by \$53,061,000 (12.8%). Property taxes increased by \$51,100,000 (13.2%). This is due to the continuing strong real estate market during the period.

General government expenses, on the government-wide basis, decreased in fiscal year 2006-2007 by approximately \$559,000. Public Protection increased by \$49,645,000 (11%) primarily due to increase in salaries and benefits. See fund level detail for additional information.

Public Assistance increased by \$29,965,000 (7.5%). Increases in allowed administrative services, including CalWin Program Support, Foster Care Aid, and Workforce Services were the major impacts.

Public ways and facilities expenses increased by \$23,069,000 primarily due to increased construction activity on the State Route 4 and State Route 4 Bypass projects.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2007

Business-type Activities

Revenues by Source - Business-type Activities

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2007

Business-type activities decreased the county's net assets by \$5,200,000. Program expenses exceeded revenues for the County Hospital, Health Maintenance Organization, Housing Authority and Sheriff Law Enforcement Training Center.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

The county uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The following is an analysis of the activities of the county's funds for fiscal year 2006-2007 as reported in the fund-basis financial statements.

Governmental Funds

The focus of the county's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful to assess the county's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of governmental funds reported by the county include the general, special revenue, debt service, capital projects, and permanent funds.

As of June 30, 2007, the county's governmental funds reported combined ending fund balances of \$586,506,000, an increase of \$68,764,000 in comparison with the prior year. Approximately \$408,290,000 (69.6%) of those fund balances constitutes unreserved fund balances that are available for spending at the county's discretion. The remainder of those fund balances is reserved to indicate that it is not available for new spending because it already is committed as follows: (1) for encumbrances - to liquidate remaining contracts and purchase orders \$47,704,000; (2) to reflect advances to other funds and inventories \$9,311,000; (3) for payment of debt service \$33,306,000; (4) bond proceeds with restrictions \$54,457,000, or (5) for miscellaneous other restricted purposes \$33,438,000.

General Fund

The General Fund is the primary operating fund of the county. At June 30, 2007, the unreserved fund balance of the General Fund was \$116,113,000, an increase of \$16,739,000 in comparison to the prior year, while total fund balance was \$149,116,000, an increase of \$13,978,000 in comparison to the prior year. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 10.0 percent of total General Fund expenditures, while total fund balance represents 12.8 percent. For the prior year, these figures were 9.2 percent and 12.5 percent, respectively.

The assets and the unreserved fund balances of the General Fund increased due to the county's continued stringent cost controls with the goal to increase the county's financial stability.

Liabilities increased due to the issuance of the Tax and Revenue Anticipation Note (TRAN) (\$110,000,000), increased Accounts Payable (\$24,958,000) and increased Due to Other Funds (\$21,890,000).

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2007

General Fund Revenues increased by \$83,782,000 (7%) while expenditures increased \$81,906,000 (7.6%)

Revenues

Intergovernmental, revenue from other governmental entities (Primary Federal Aid State) increased by \$24,829,000 (4.3%), taxes increased by \$30,802,000 (11.2%) and other revenue increased by \$20,879,000 (24%).

The intergovernmental increases were primarily in the Public Assistance function. A significant increase also was in the General Government function for voting modernization and Help America Vote programs.

Expenditures

General Government expenditures increased \$23,160,000 (16%). A major component was the increase in plant acquisition of \$16,443,000.

Public Protection increased \$24,981,000 (8%). The primary cause was increases in salaries and benefits and increased Homeland Security expenditures.

Public Ways and Facilities expenditures increased primarily due to continued Highway 4 construction.

Other Major Funds

CCC Fire Protection District Fund

The CCC Fire Protection District provides fire and emergency medical services to nine cities and certain unincorporated areas in the county. The District's fund balance decreased by \$1,869,000 (6%) during fiscal year 2006 – 2007.

Revenues, primarily property taxes, increased by \$10,422,000 (12%) while expenditures, primarily salaries and benefits, increased by \$13,391,000 (15.6%).

Land Development Fund

The Land Development fund provides growth related management activities of the Building Inspection Department, Public Works Department and the Community Development Department. The fund balance increased by \$3,874,000 (13%) during fiscal year 2006 – 2007.

Revenues from Licenses, Permits and Franchise fees increased by \$2,536,000 (14%) while revenues from Charges for Services decreased \$2,733,000 (31%). Expenditures increased by \$1,372,000 (4%).

Non-Major Funds

Capital Projects Funds had a significant increase in Fund Balance \$26,599,000 due to the issuance of debt to fund scheduled projects.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2007

Proprietary Funds

As mentioned earlier, the county's proprietary fund financial statements provide the same type of information found in the government-wide financial statements but in more detail.

Net assets at June 30, 2007, was \$21,774,000 for the County Hospital Enterprise Fund, \$49,098,000 for the Housing Authority Enterprise Fund, and \$28,391,000 for the nonmajor enterprise funds. As a result of operations during the year, net assets of the County Hospital Enterprise Fund increased by \$468,000, net assets of the Housing Authority Enterprise Fund decreased by (\$2,024,000), and net assets of the nonmajor enterprise funds decreased by (\$3,287,000). Additionally, the beginning net assets of the Housing Authority Enterprise Fund was increased by \$2,256,000 due to a correction to the carrying value of depreciable assets.

Net assets of the internal service funds were \$8,423,000. As a result of operations during the year, the net assets of the Workers' Compensation Insurance County General Internal Service Fund increased by \$24,175,000, the net assets of the Workers' Compensation Insurance Fire Protection Internal Service Fund increased by \$3,738,000, and the net assets of the other internal service funds increased by \$2,120,000.

The decrease in the deficits for the Workers' Compensation Funds is a combination of increased cost control and increased revenue (charges to the departments).

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2007

GENERAL FUND BUDGETARY HIGHLIGHTS

The county's final budget differs from the original budget in that it contains carry-forward appropriations for various programs and projects and supplemental appropriations approved during the fiscal year. Total budgeted revenues were increased by \$84,538,000 (6.9%) in the final budget. Actual revenues were less than final budgeted revenues by \$26,075,000 (2.0%). Total budgeted expenditures increased by \$85,016,000 (7.3%) in the final budget. Actual expenditures were less than final budgeted expenditures by \$84,064,000 (6.7%) percent. Significant factors impacting those changes were as follows:

Original Budget vs. Final Budget

Revenue Variances

- Intergovernmental revenue was increased due to additional information on the ability of the state to provide program aid.
- Use of money (interest earned) was conservatively budgeted due to the uncertainty of the timing of the use of available funds. As the fiscal year progressed and the availability of the funds was established the budget was increased.

Expenditure Variances

- The Final Budget for General Government - Plant Acquisition included re-appropriation for projects not completed in the prior year and additional appropriations for building and improvement projects that were funded during the current year.
- The Final Budget for General Government included \$10,000,000 for Doctor's Hospital Aid.
- The Final Budget for Public Protection included additional grant funds for emergency services, and increased salaries and benefits.
- The Final Budget incorporated additional funding for Employment and Human Services programs from expected increases in state aid.

Final Budget vs. Actual Amounts

Revenue Variances

- Intergovernmental revenue (primarily state aid) was lower than expected by approximately \$34,694,000.
- Taxes, \$7,455,000, were higher than projected.
- Use of Money (See Original Budget versus Final Budget above,)

**COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS**

June 30, 2007

Expenditure Variances

- General Government – Plant acquisition expenditures were less than budgeted because the budget included appropriations for various building improvement and construction projects that were not completed during the year and non-essential projects being deferred.
- Health Services budgeted for the full expenditure of Mental Health Services Act (Prop 63) funds during fiscal year 2006 – 2007. Not all approved programs were fully implemented during the year which resulted in reduced expenditures.
- Public Ways and Facilities – Road construction expenditures were less than budgeted due to progress on the Highway 4 Bypass not reaching expected levels.

CAPITAL ASSETS AND LONG-TERM DEBT ACTIVITY

Capital Assets

Capital assets for the governmental and business-type activities are presented below to illustrate changes from the prior year:

COUNTY'S CHANGES IN CAPITAL ASSETS
(Net of Depreciation)
(In Thousands)

	<u>Governmental activities</u>		<u>Business-type activities</u>		<u>Total</u>		<u>Increase/ (Decrease)</u>
	<u>2007</u>	<u>2006</u>	<u>2007</u>	<u>2006</u>	<u>2007</u>	<u>2006</u>	<u>Percent Change</u>
Infrastructure	\$ 266,156	267,160			266,156	267,160	(0.4) %
Land	68,107	67,075	12,816	16,514	80,923	83,589	(3.2)
Structures and improvements	288,509	288,478	185,782	182,172	474,291	470,650	0.8
Equipment	46,469	46,765	11,585	13,029	58,054	59,794	(2.9)
Construction in progress	<u>55,306</u>	<u>34,451</u>	<u>4,457</u>	<u>5,751</u>	<u>59,763</u>	<u>40,202</u>	<u>48.7</u>
Total	<u>\$ 724,547</u>	<u>703,929</u>	<u>214,640</u>	<u>217,466</u>	<u>939,187</u>	<u>921,395</u>	<u>1.9 %</u>

The county's investment in capital assets for its governmental and business-type activities as of June 30, 2007, was \$939,187,000 (net of accumulated depreciation). This investment in capital assets includes land, buildings and systems, improvements, machinery and equipment, park facilities, roads, highways, drainage systems, and bridges. The total county's investment in net capital assets for fiscal year 2006-2007 increased by 1.9 percent (a 2.9 percent increase for governmental activities and a 1.3 percent decrease in business-type activities).

The major increase in the county's investment in capital assets for government activities is the construction in progress for major building facilities:

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2007

Total Projected Cost

District Attorney	\$15,250,000
Public Works Administration	5,000,000
Clerk Recorder	7,800,000

Business activities had a net decrease in capital assets as the result of depreciation expense exceeding new additions. The Housing Authority reclassified certain Land assets to Structures (\$4,028,709). Construction commitments for additional health care facilities under constructions are:

Total Projected Cost

Concord Health Clinic	\$2,200,000
Pittsburg Health Clinic	2,100,000

Specific changes in governmental and business-type activities are presented in Note 7, in the "Notes to the Basic Financial Statements".

Long-Term Debt

Long-term debt for the governmental and business-type activities is presented below to illustrate changes from the prior year:

COUNTY'S OUTSTANDING DEBT

Capital Lease Obligations, Certificates of Participation, Pension Obligation Bonds, Retirement Litigation Settlement,
Notes Payable, Other Bonds Payable, Lease Revenue Bonds, Tax Allocation Bonds and Special Assessment Debt

Retirement litigation settlement	24,809	25,527			24,809	25,527	(2.8)
Notes payable	788	339	17,224	15,651	18,012	15,990	12.6
Other bonds payable	4,015	4,585			4,015	4,585	(12.4)
Lease revenue bonds	174,633	127,766	33,037	28,689	207,670	156,455	32.7
Tax allocation bonds	133,105	81,935			133,105	81,935	62.5
Special assessment debt	12,389	13,213			12,389	13,213	(6.2)
Total	\$ <u>1,007,173</u>	<u>959,924</u>	<u>165,005</u>	<u>164,928</u>	<u>1,172,178</u>	<u>1,124,852</u>	<u>4.2 %</u>

At June 30, 2007, the county had total long-term debt outstanding of \$1,172,178,000. The county's legal debt limit was \$7,326,173,000. During the year, the county's liabilities for long term debt increased by \$47,326,000 (4.2)%. Specific changes in governmental and business-type activities are presented in Note 11, and Note 19, in the "Notes to the Basic Financial Statements".

During the current year through the Public Financing Authority, the county undertook a significant long-term debt transaction that provided \$32.35 million of funds toward the project costs of a new District Attorney's

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2007

headquarters building and a new Clerk-Recorder's building, the acquisition of the Concord Health Center and improvements to a Public Works Administrative building and the Pittsburg Health Center. The lease revenue bond transaction also refunded a number of maturities of the following lease revenue bonds and certificates of participation:

\$21,670,000 of lease revenue bonds, 1999 Series A
10,275,000 of lease revenue bonds, 2001 Series A
17,410,000 of lease revenue bonds, 2001 Series B
6,800,000 of lease revenue bonds, 2002 Series A
5,065,000 of lease revenue bonds, 2003 Series A
26,815,000 of certificates of participation, Series of 1997

The County achieved present value debt service saving of \$8.0 million on the refunded securities.

Refer also to the information on the Debt Management Policy in the Letter of Transmittal (page v).

The outlook on the county's credit ratings was changed from "negative" to "stable" by both Moody's Investors Service (Moody's) and Standard & Poor's Ratings Services (S&P) during Fiscal Year 2006-07. The county's underlying long-term ratings are as follows:

Type of Issue	Moody's	S&P
Issuer rating/implied general obligation bond rating	Aa3	AA
Pension obligation bonds	A1	AA-
Lease revenue bonds/certificates of participation	A2	AA-

The county has purchased municipal bond insurance policies on most of its pension obligation bonds, lease revenue bonds and certificates of participation, thereby resulting in those securities being rated in the highest possible long-term rating category of Aaa by Moody's and S&P.

County General Fund expenditures tend to occur in level amounts throughout the fiscal year. Conversely, receipts have followed an uneven pattern primarily as a result of secured property tax installment delinquency dates concentrated in December and April and as a result of delays in payments from other governmental agencies, the two largest sources of county revenues. The county issues short-term tax and revenue anticipation notes (TRANs) from time to time to finance periodic cash deficits in the General Fund due to the temporary mismatch of revenues and expenditures. The county issued \$110 million of TRANs in Fiscal Year 2006-07 and received the highest possible short-term ratings of MIG 1 from Moody's and SP-1+ from S&P.

COUNTY OF CONTRA COSTA
MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2007

**KNOWN FACTS, DECISIONS AND CONDITIONS THAT ARE EXPECTED TO HAVE A
SIGNIFICANT EFFECT ON FINANCIAL POSITION OR RESULTS OF OPERATIONS NEXT YEAR**

- Considered the growing service delivery needs in the County.
- Developed an Other Post Employment Benefit (OPEB) funding plan that balances our requirement to provide public services with the provision of competitive health care benefits.
- Considered the need to maintain competitive compensation plans to attract qualified employees and retain experienced employees.
- All of the facts, decisions and conditions listed above were considered in preparing the county's budget for fiscal year 2007-2008.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the county's finances for all those with an interest in the county's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the County Auditor-Controller, 625 Court Street, Room 103, Martinez, CA 94553-1282.

COUNTY OF CONTRA COSTA
**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
 TO THE STATEMENT OF NET ASSETS**
 JUNE 30, 2007
 (In Thousands)

Fund balances - total governmental funds (page 24)		\$ 586,506
Amounts reported for governmental activities in the statement of net assets are different because:		
The pension assets resulting from contributions in excess of the annual required contribution are not financial resources and therefore not reported in the funds.		580,854
Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.		724,547
Accrued revenue, which is not available soon enough to pay for the current period's expenditures, is deferred in the governmental funds.		189
Notes receivable are not available to pay current-period expenditures and, therefore, are deferred in the governmental funds.		68,157
Internal service funds are used by management to charge the costs of self insurance to individual funds. The assets and liabilities of these funds, except for the medical liability insurance fund, are included as governmental activities in the statement of net assets.		9,174
Interest on long-term debt is recognized as it accrues, regardless of when it is due.		(9,023)
Costs of issuance on bonds are not recognized as current expenditures and are deferred.	\$ 5,717	
Current year amortization of costs of issuance on bonds.	<u>(190)</u>	5,527
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds.		
Certificates of participation		
Lease revenue bonds	(174,633)	
Notes payable	(788)	
Tax allocation bonds	(133,105)

COUNTY OF CONTRA COSTA
**RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT
OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE
STATEMENT OF ACTIVITIES**
FOR THE FISCAL YEAR ENDED JUNE 30, 2007
(In Thousands)

Net change in fund balances - total governmental funds (page 26)		\$ 68,764
Amounts reported for governmental activities in the statement of activities are different because:		
Revenues that were deferred in the governmental funds because they were unavailable are reported as current revenue.		7,200
Governmental funds report capital asset acquisitions as either capital outlay or other current program expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Expenditures for capital assets	\$ 63,519	
Less loss on sale/retirement of capital assets	(5,687)	
Less current year depreciation	<u>(37,214)</u>	20,618
Long-term debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.		
Debt Issuance	(222,685)	
Deferral of bond issuance cost	3,314	
Payment to bond trustee	118,998	
Premium on debt issued*	(6,468)	
Principal payments	62,335	
Interfund lease payments	642	
Capital lease payments	2,780	
Issuance of capital lease	<u>(3,578)</u>	(44,662)
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Change in long-term compensated absences	(1,978)	
Amortization of pension asset	(40,861)	
Amortization of bond issuance cost	(190)	
Amortization of premiums, discounts and loss on refunding - Lease Revenue Bonds	27	
Amortization of premiums, discounts and loss on refunding - Tax Revenue Bonds	(29)	
Change in accrued interest payable	<u>44</u>	(42,987)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue of the internal service funds is reported with governmental activities.		<u>30,390</u>
Change in net assets of governmental activities (page 23)		<u>\$ 39,323</u>
See accompanying notes to the basic financial statements.		

* Excludes premium received on TRAN issued.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the County of Contra Costa conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities. The following is a summary of the more significant policies:

A. Definition of Reporting Entity

The county is a political subdivision created by the state of California. As such, it can exercise powers specified by the constitution and statutes of the state. The county is governed by a five member elected Board of Supervisors (the Board). The Board is responsible for the legislative and executive control of the county. The county provides various services on a countywide basis including law and justice, education, detention, social, health, hospital, fire protection, road construction, road maintenance, transportation, park and recreation facilities, elections and records, communications, planning, zoning, and tax collection.

The governmental reporting entity consists of the county (primary government) and its component units. Component units are legally separate organizations for which the Board is financially accountable or other organizations whose nature and relationship with the county are such that exclusion would cause the county's financial statements to be misleading or incomplete. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (i) the county's ability to impose its will on the organization or (ii) there is potential for the organization to provide a financial benefit to or impose a financial burden on the county.

The basic financial statements include both blended and discretely presented component units. The blended component units, although legally separate entities are, in substance, part of the county's operations and so data from these units are combined with data of the primary government. The discretely presented component unit, on the other hand, is reported in a separate column in the government-wide financial statements since it does not have a shared governing body nor is it of exclusive or almost exclusive benefit to the primary government.

For financial reporting purposes, the county's basic financial statements include all financial activities that are controlled by or are dependent upon actions taken by the county's Board.

Blended Component Units

Housing Authority of the County of Contra Costa

The Housing Authority of the County of Contra Costa (Housing Authority) was established to provide housing for the county's low and moderate income residents. Its board members are the same as the county Board of Supervisors. The financial activities of the Housing Authority are reported as an enterprise fund. The fiscal year of the Housing Authority ends on March 31st and its financial activities are reported as of that date. The Housing Authority has two discretely presented

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

component units that have been blended with the Housing Authority in this report. The discretely presented component units have fiscal year ends of December 31. Their financial statements have been adjusted to March 31 for inclusion in the Housing Authority statements.

Contra Costa County Redevelopment Agency

The Contra Costa County Redevelopment Agency (RDA) was established for the purpose of redeveloping certain areas of the county designated as project areas. Its board members are the same as the county Board of Supervisors. The financial activities of the RDA are included in the special revenue, debt service, and capital projects funds and are reported as nonmajor governmental funds.

County of Contra Costa Public Facilities Corporation

The County of Contra Costa Public Facilities Corporation (PFC) was established to provide financing for the acquisition, construction, improvement and remodeling of public buildings and facilities for the county. The county appoints a voting majority of the governing board and is able to impose its will on the PFC. The County Hospital Enterprise Fund includes activities of the PFC.

County of Contra Costa Public Financing Authority

The County of Contra Costa Public Financing Authority (PFA) is a joint powers authority consisting of the county and the RDA. The PFA was established to provide for the financing of public improvements, obligations, working capital and liability or other insurance programs of the county and the RDA. The members of the county Board of Supervisors also serve as the Directors of the PFA. The activities of the PFA are included in a debt service fund, which is reported as part of the nonmajor governmental funds, and in the County Hospital Enterprise Fund.

Contra Costa County Employees' Retirement Association

The Contra Costa County Employees' Retirement Association (CCCERA) was established to provide retirement benefits to employees of the county and other member agencies. The CCCERA provides a majority of its services for the benefit of the county and, therefore, is reported as a pension trust fund in the basic financial statements. The fiscal year of the CCCERA ends on December 31st and its financial activities are reported as of that date.

In-Home Supportive Services Public Authority

The Contra Costa County Board of Supervisors, pursuant to Welfare and Institutions Code Section 12301.6, established the In-Home Supportive Services Public Authority (IHSS). IHSS provides screening, training and referral of in-home supportive service providers and assists eligible individuals, who are unable to care for themselves at home, in finding qualified persons to assist them. Its board members are the same as the county Board of Supervisors. The activities of the IHSS are included in a special revenue fund which is reported as part of the nonmajor governmental funds.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

Special Districts and Service Areas

The county has 38 agencies referred to as county special districts and service areas. Each is established by the county for the purpose of providing specific services in a defined geographic area. Their board members are the same as the county Board of Supervisors. The 38 agencies and the special revenue fund in which each is included are: Contra Costa County Fire Protection District; Other Fire Protection – Crockett-Carquinez Fire Protection District and East Contra Costa County Fire Protection District; Flood Control - Flood Control District, Storm Drainage District, Storm Drain Maintenance District DA 127 and Storm Drain District No. Z-16; Health and Sanitation - Sanitation Districts Nos. 5 and 6; Service Areas - Service Areas D-2, EM-1, L-100, LIB-2, LIB-10, LIB-12, LIB-13, M-1, M-16, M-17, M-20, M-23, M-28, M-29, M-30, M-31 R-4, R-7A, R-9, R-10, RD-4 and Discovery Bay West Parking District; Law Enforcement - Service Areas P-1, P-5 and P-6, P-2A, Public Transit-Service Area T1, P-2B; Other Special Revenue - Contra Costa County Water Agency. These special revenue funds are reported as nonmajor governmental funds, with the exception of the Contra Costa County Fire Protection District, which is reported as a major governmental fund.

Discretely Presented Component Unit

First 5 Contra Costa Children and Families Commission

The First 5 Contra Costa Children and Families Commission (formerly the Contra Costa Children and Families First Commission) was established to implement the provisions of Proposition 10, adopted by the voters in 1998. Proposition 10 added Division 108 (commencing with California Government Code Section 130100) to the California Health and Safety Code. It provides for a state tax on the sale of tobacco products and also provides that this revenue be spent for early childhood development programs by the Commission. The county Board of Supervisors appoints all nine members (and nine alternate members) of the Commission. Two members of the Board of Supervisors serve on the Commission. However, the Commission hires its own employees, including an Executive Director and functions independent of the county. The Commission provides most of its services directly to the citizens of the county. The financial activity of the Commission is reported in separate columns on the government-wide financial statements.

Complete audited financial statements are issued separately for each of the individual component units listed below and may be obtained at the unit's administrative offices as follows:

B. New Accounting Pronouncements Implemented During the Year

The county adopted new accounting standards in order to conform to the following Governmental Accounting Standards Board Statements:

GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*, addresses the accounting for cash flows of immediate cash payment for specific receivables or specific future revenues.

C. Basis of Presentation

Government-wide Financial Statements

GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, mandate the presentation of two basic government-wide financial statements, the *Statement of Net Assets* and the *Statement of Activities*. The statement of net assets and statement of activities display information about the primary government (the county) and its component units. The statement of net assets and statement of activities include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. The statement of net assets and statement of activities also distinguish between the *governmental* and *business-type activities* of the county and between the county and its discretely presented component unit. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent, on fees charged to external parties.

For presentation in the statement of net assets and statement of activities, all of the internal service fund account balances are allocated to governmental activities except for the medical liability insurance fund which is allocated to business-type activities.

The statement of net assets reports the county's financial and capital resources, including infrastructure, as well as the county's long-term obligations. The difference between the county's assets and liabilities is its net assets. Net assets represent the resources that the county has available for uses in providing services after its debts are settled.

The statement of activities presents a comparison between direct and allocated indirect expenses and program revenues for each function of the governmental activities and each segment of the business-type activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs, including fines and forfeitures, and 2) grants and contributions that are restricted to meeting the operational or capital requirements

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, management has discretion as to which resources to apply. Generally, restricted resources are depleted before unrestricted. However, when prudent, unrestricted resources may be used first.

Fund Financial Statements

The fund financial statements provide information about the county's funds, including fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as nonmajor funds.

The county reports the following as major governmental funds:

- The *General Fund* is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the county that are not accounted for through other funds. In addition to general administration, the General Fund includes such activities as public protection, health and sanitation, public assistance, education, and public ways and facilities.
- The *Contra Costa County Fire Protection District (CCCFPD) Special Revenue Fund* accounts for the financial aspect of the fire and emergency medical service activities provided by CCCFPD to nine cities and certain unincorporated areas in the county. As requested by interested parties, the CCCFPD's financial activities have been separated from those of the county's other fire protection districts and are reported as a major fund.
- The *Land Development Special Revenue Fund* reports the growth management related activities of the Building Inspection Department, Public Works Department, and the Community Development Department.

The county reports the following as major enterprise funds:

- The *County Hospital (the Hospital)* accounts for hospital operations involved in providing health services to county residents. Revenues are principally fees for patient services, payments from federal and state programs such as Medicare, Medi-Cal and Short-Doyle, realignment revenues, and subsidies from the General Fund.
- The *Housing Authority* accounts for the financial resources designated for housing and housing assistance to low income residents of Contra Costa County.

The county reports the following additional fund types:

- *Internal Service Funds* account for the county's self-insurance programs – employee dental insurance, long-term disability insurance, workers' compensation insurance, automotive liability

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

insurance, general liability insurance, state unemployment insurance, medical liability insurance, and special district property insurance, on a cost-reimbursement basis.

- The *Pension Trust Fund* accumulates contributions from the county, its employees and other participating employers, and earnings from the fund's investments. Disbursements are made from the fund for retirement, disability and death benefits (based on a defined benefit formula), and administrative expenses. This fund includes all assets of the CCCERA.
- The *Investment Trust Fund* accounts for the assets of legally separate entities who make directed investments through the County Treasurer. These entities include school and community college districts, other special districts governed by local boards, regional boards and authorities and pass through funds for tax collections for cities. This fund represents the assets, primarily cash and investments, and the related obligation of the county to disburse these monies on demand.
- The *Private-Purpose Trust Fund* accounts for assets held in trust for the benefit of individuals, private organizations, and other governments.
- *Agency Funds* account for assets pending transfer or distribution to individuals, private organizations or other governmental entities held by the county in an agency capacity. Included in these funds are the Unapportioned Taxes Fund and the Tax Losses Reserve Fund, which provide controls necessary for the county to manage property taxes under the Teeter Plan (see section M of this note).

D. Basis of Accounting

The government-wide, proprietary fund and fiduciary, excluding agency, fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Agency funds do not have a measurement focus. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the county is giving (or receiving) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Agency funds are unlike all other types of funds, reporting only assets and liabilities. So agency funds cannot be said to have a measurement of focus. Since they do not report equity, they cannot present an operating statement reporting changes in equity. They do, however, use the accrual basis of accounting to recognize receivables and payables.

For its business-type activities and enterprise funds, the county has elected under GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, to apply all applicable GASB pronouncements as well as any applicable pronouncements of the Financial Accounting Standards Board, the Accounting Principles

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

Board or any Accounting Research Bulletins issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes accounting principles generally accepted in the United States of America for governmental units. The county has elected not to follow subsequent private-sector guidance of the Financial Accounting Standards Board after November 30, 1989.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. Expenses not meeting this definition are reported as nonoperating expenses.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property and sales taxes are accrued when their receipt occurs within sixty days after the end of the accounting period. All other revenues are accrued if they are both measurable and available within sixty days, except for certain reimbursements related to health care from the State of California which are accrued when their receipt is expected within one year after the end of the accounting period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are generally recorded when payment is due. However, where resources have been provided during the current year for payment of interest due early in the following year, the expenditure and related liability are accrued. General capital assets acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and capital leases are reported as other financing sources.

E. Cash and Cash Equivalents

For purposes of the accompanying statement of cash flows, the enterprise and internal service funds consider all highly liquid investments with a maturity of three months or less when purchased, their equity in the County Treasurer's internal pool, and cash restricted for repayment of debt or as reserves to be cash equivalents.

F. Investments

Investment transactions are recorded on the trade date. Investments in non-participating, interest-earning investment contracts (certificates of deposit and guaranteed investment contracts) are stated at cost. Other investments are stated at fair value. Fair value is defined as the amount that the county

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

could reasonably expect to receive for an investment in a current sale between a willing buyer and seller and is generally measured by quoted market prices.

Under GASB Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, the Pension Trust Fund reports its investments at fair value. Both realized and unrealized gains and losses on investments are included in its statement of changes in net assets. The fair values of equity and fixed income securities are derived from quoted market prices. The fair values of private market investments are estimated from fair values provided by real estate investment funds, generally using periodic independent appraisals, and alternative investment managers. All investment purchases and sales are recorded on the trade date.

The public school, cemetery, pest control, recreation and park and resource conservation districts within the county are required by legal provisions to maintain their cash and investments with the County Treasurer. The County Treasurer maintains individual directed investment accounts for those districts, and the cash and investments held are included in the Investment Trust Fund.

G. Inventories and Prepaid Items

Inventories are valued at cost, which approximates market. Governmental fund inventories are maintained using the weighted average method. Proprietary fund inventories are maintained using the first-in, first-out method. The costs of governmental fund inventories and proprietary fund inventories are recorded as expenditures/expenses at the time individual items are consumed rather than when purchased. Reported inventories of governmental funds are equally offset by a fund balance reservation to indicate that a portion of the fund balance is not available for future appropriation.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

H. Notes Receivable

Generally loans are either deferred or collected on a residual receipts basis with all remaining principal and interest due on the earlier of the due date of the note or sale or transfer of property. Any repayment of principal or interest is treated as program revenue, the use of which is restricted by federal regulations. As such, notes receivable are recorded with an offset to deferred revenue in the fund financial statements because the amounts are unavailable. The notes receivable balances in the General Fund consist of loans made with funds provided to the county under the U.S. Department of Housing and Urban Development programs. The loans are made to carry out activities for affordable housing and economic development.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

I. Prepaid Pension Asset

A prepaid pension asset is created when an employer pays into a retirement plan amounts in excess of its annual required contribution (ARC). The ARC is an actuarially calculated amount that is sufficient to fund future costs and extinguish any existing unfunded actuarial accrued liability (UAAL).

On March 1, 1994, the county made a payment of \$333,724,000 to CCCERA from the proceeds of the issuance of pension obligation bonds to reduce the county's UAAL as calculated at that time. On May 1, 2003, the county made another payment of \$319,095,000 to CCCERA from the proceeds of an additional issuance of pension obligation bonds to reduce the county's UAAL as recalculated, due primarily to the effect of the enhanced pension granted in 2002.

In 2005, the Contra Costa County Fire Protection District (CCCFPD) issued Series 2005 Pension Obligation Bonds in the principal amount of \$129,900,000 to fund CCCFPD's UAAL obligation as of December 31, 2004, to the Contra Costa County Employees' Retirement Association and to prepay CCCFPD's portion of the outstanding Paulson Settlement.

J. Restricted Assets

The county's restricted assets represent cash and investments of the General Fund, County Hospital Enterprise Fund, Permanent Fund, Major Risk Medical Insurance Internal Service Fund, and certain nonmajor governmental funds restricted for debt repayments in accordance with restrictions and limitations of the various bond indentures. The Housing Authority Enterprise Fund's restricted assets represent cash and investments that consist of tenant deposits held in escrow and capital lease funds not yet spent on capital assets. The nonmajor enterprise fund's restricted assets represent funds for Airport capital projects not yet spent. All of the noted cash and investments are included in Note 4.

K. Capital Assets

Capital assets (including infrastructure) are recorded at historical cost or at estimated historical cost if actual historical cost is not available. Contributed fixed assets are valued at their estimated fair market value on the date contributed. Capital assets include public domain (infrastructure) consisting of certain improvements including roads, bridges, water/sewer, lighting systems, drainage systems, and flood control. The capitalization threshold for infrastructure is \$25,000. The capitalization threshold for buildings is \$100,000. The capitalization threshold for equipment and vehicles is \$5,000. Capital assets used in operations are depreciated or amortized (assets under capital leases) using the straight-line method over the lesser of the capital lease period or their estimated useful lives in the activities within the government-wide financial statements, proprietary funds and the Pension Trust Fund.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

The estimated useful lives are as follows:

Infrastructure	25-50 years
Buildings	25-40 years
Improvements	10-20 years
Equipment and vehicles	3-20 years

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements, which significantly increase values, change capacities or extend useful lives, are capitalized. Upon sale or retirement of fixed assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

Interest is capitalized on construction in progress in the proprietary funds in accordance with Statement of Financial Accounting Standards No. 62, *Capitalization of Interest Cost in Situations Involving Certain Tax Exempt Borrowings and Certain Gifts and Grants*. Accordingly, interest capitalized is the total interest cost from the date of the borrowing, net of any allowable interest carried on temporary investments of the proceeds of those borrowings, until the specified asset is ready for its intended use.

L. Bond and Certificate of Participation Discounts, Issuance Costs, and Deferred Amounts on Refundings

In governmental fund financial statements, bond and certificate of participation discounts, issuance costs, and deferred amounts on refundings are recognized in the period incurred. In the government-wide and proprietary fund financial statements, these charges are deferred and amortized over the term of the issuance using the straight-line method, which approximates the effective interest method.

M. Property Tax Levy, Collection, and Maximum Rates

The county is responsible for assessing, collecting, and apportioning property taxes. Taxes are levied for each fiscal year on taxable real and personal property situated in the county. The levy is based on the assessed values as of the preceding January 1st, which is also the lien date. State code requires tax rates to be set no later than the first workday in September unless the Board of Supervisors elects to extend the deadline to October 3rd. Property taxes on the secured roll are due in two installments: November 1st and February 1st and become delinquent after December 10th and April 10th, respectively. Supplemental property taxes are levied based on changes in assessed values between the date of real property sales or construction completion and the preceding assessment date. The additional supplemental property taxes are prorated from the first day of the month following the date of such occurrence. Property taxes on the unsecured roll are due on the lien date (January 1st), and become delinquent if unpaid by August 31st.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

Supplementary taxes that have been collected but unapportioned at year-end and unsecured taxes collected in advance are reported as unapportioned taxes in the Unapportioned Taxes Agency Fund. Secured property taxes are recorded as revenue in the fiscal year of the levy. The county apportions secured property tax revenue in accordance with the alternate method of distribution prescribed by the California Revenue and Taxation Code Section 4701 et al (The Teeter Plan). This alternate method provides for crediting each applicable fund with its total secured taxes upon completion of the secured tax roll, approximately October 1st of each year.

Under the alternate apportionment method, specified amounts of penalties and interest collected on delinquent secured taxes are held in the Tax Losses Reserve Agency Fund (TLRF). This reserve is used to offset the impact of accumulated delinquency remaining at year-end. The county's management believes that any ownership rights to the TLRF the county may have are effective only upon transfer or to the extent of losses related to the sale of tax defaulted property. The county has the authority to transfer any amounts in the fund that exceed a legally defined threshold, which was \$20,213,000 at June 30, 2007. The year-end balance in the TLRF was \$33,559,000. Amounts in the TLRF are considered to be held in a custodial capacity for the participants in the county's Teeter Plan.

N. Interfund Transactions

Interfund transactions are reflected as either loan, services provided, reimbursements or transfers. Loans are reported as receivables and payables (as appropriate), are subject to elimination upon consolidation, and are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances." Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not available financial resources.

Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

O. Compensated Absences and Sick Leave

Under terms of union contracts and various Board resolutions, county employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation hours. Employees are not reimbursed for accumulated sick leave except management employees who are eligible for a payoff of unused sick leave accruals at resignation. Management employees must have a balance of at least 70.0 percent of their sick leave accruals and have been employed three years or more to be eligible for this benefit. The maximum amount payable under this Sick Leave Incentive Plan is 50.0 percent of accrued sick leave; however, the amount of sick leave payable is considered de minimis. Accordingly, no accrual for sick leave has been made in the accompanying basic financial statements.

Compensated absences as of June 30, 2007, were valued at \$49,991,000, which includes \$31,413,000 attributable to the General Fund, \$6,385,000, attributable to the Special Revenue Funds, \$10,013,000 recorded in Enterprise Funds, \$88,000 recorded in the Component Unit, and \$2,092,000 recorded in the Pension Trust Fund. Amounts attributable to the General Fund, Special Revenue Funds, and Component Unit are expected to be claimed in future periods and paid with future resources from those funds. Accordingly, this liability is reflected in the government-wide statement of net assets. In the proprietary funds and the Pension Trust Fund, compensated absences are recorded as an expense and liability as the benefits accrue to employees. In compliance with GASB Statement No. 16, *Accounting for Compensated Absences*, the amounts reported include estimated employer liability for taxes and workers' compensation premiums.

P. Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. FUND EQUITY

A. Restatement of Fund Equity/Net Assets

Housing Authority Enterprise Fund Adjustment

During 2003, one of the Authority's Public Housing developments was demolished and the land leased to DeAnza Gardens L.P. for the purpose of constructing a tax credit project. At that time the cost of the original development was removed from the Authority's books of accounts. During the current year, the Authority discovered that the costs of several modernization projects for this demolished development had not been removed from the books of accounts. Further, it was discovered that the depreciation of several modernization projects was not being calculated on a

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

consistent basis. As of April 1, 2006, the Authority corrected these errors, resulting in a prior period year adjustment of \$2,256,000.

Summary

The impact of the restatement on net assets at April 1, 2006, is presented below (in thousands):

	<u>Housing Authority Enterprise*</u>
Fund Balances/net assets as previously reported	\$ 48,866
To remove the costs of several modernization projects for the Public Housing Development that was demolished in 2003 but had not been removed from the books.	(2,119)
To decrease the amount of the accumulated depreciation for the modernization projects that were demolished in 2003.	4,375
 Fund Balances/net assets as restated	 <u><u>\$ 51,122</u></u>

* Housing Authority Fund reported as of March 31, 2007.

B. Reserve for Prepaid Items and Deposits

Reserves are less than total prepaid items and deposits because the General Fund advanced \$191,000 to subgrantees, which will use the funds for federal programs during fiscal year 2007-2008. As funds are spent, the federal government reimburses the county.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

3. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted for all governmental funds except the Public Financing Authority Debt Service Fund, the Assessment Districts Debt Service Fund, and the Assessment Districts Capital Projects Fund. All annual appropriations lapse at fiscal year end. GAAP serves as the budgetary basis of accounting.

Schedules of revenues, expenditures, and changes in fund balance-budget vs. actual are included in the required supplementary section of this report for the General Fund and all major special revenue funds.

Encumbrance accounting is used in governmental funds. Encumbrances outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

B. Deficit Net Assets

Three internal service funds had net assets deficits at June 30, 2007. The Workers' Compensation Insurance, County General and Fire Protection funds show deficits of \$(7,883,000) and \$(251,000) respectively, improving upon the deficits of \$(32,008,000) and \$(3,989,000) in the June 30, 2006 CAFR. The improvements can be attributed to a combination of increased contributions to the fund, improvement in investment earnings, and the effects of recent reforms enacted by the State Legislature. Procedures have been implemented to improve the accuracy of the Workers' Compensation claims estimate for budgeting. This will provide complete billing to departments for these costs eliminating the remaining deficits. The Medical Liability Insurance fund deficit of \$(751,000), representing an increase of \$357,000 from the June 30, 2006 CAFR, can be attributed mainly to an increase in claims payable.

The Sheriff Law Enforcement Training Center Enterprise Fund (Training Center), which is reported as a nonmajor enterprise fund, reported a year-end deficit of (\$328,000). From the inception of the Training Center, the Enterprise Fund has consistently experienced small annual deficits that have accumulated since fiscal year 2001-2002, despite diligent efforts to recover program costs through fees and other revenues. In recognition of the Countywide benefits of the Training Center, the Board of Supervisors approved in the 2007-2008 Final Budget a one-time allocation to fund the accumulated deficit, and a small ongoing General Fund subsidy combined with the continuing efforts of the Sheriff to increase operational efficiency and maximize cost recovery, is expected to eliminate any remaining deficit over time.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

4. CASH AND INVESTMENTS

The cash balances of substantially all funds, except the Pension and Investment Trust Funds, are maintained in the county's internal pool and invested by the County Treasurer. Income from pooled investments is allocated to the funds based on average daily balances. As permitted by the California Government Code, legally separate entities that are not part of the county reporting entity also have individual investment accounts in the County Treasury. These investment accounts are separate from the pool and are reported in the Investment Trust Fund. Specific investments are acquired for those separate entities at their direction and the income from and changes in the value of these investments affect only the entity for which they were acquired. The CCCERA Board directs the investment activity of the Pension Trust Fund.

A. Summary of Cash and Investments

Cash and investments at June 30, 2007 (December 31, 2006, for the Pension Trust Fund and March 31, 2007 for the Housing Authority), are reported as follows (in thousands):

		Deposits and Certificates of Deposits	Investments	Total
From the Statement of Net Assets				
Primary Government	Cash and investments	\$ 12,807	560,475	573,282
	Restricted cash and investments		279,306	279,306
First 5 Contra Costa Children and Families Commission	Cash and investments	52,230		52,230
From the Statement of Fiduciary Net Assets				
Pension Trust Fund	Cash and investments	369,467	4,876,167	5,245,634
	Cash collateral-securities lending		356,760	356,760
Investment Trust Fund	Cash and investments		1,428,574	1,428,574
Private-Purpose Trust Fund	Cash and investments	4,307	10,258	14,565
Agency Funds	Cash and investments		139,287	139,287
Total		<u>\$ 438,811</u>	<u>7,650,827</u>	<u>8,089,638</u>

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

B. Investments (excluding the Pension Trust Fund)

Deposits

Deposits include bank deposits at a carrying amount of \$68,704,000. The balance reported by various financial institutions was \$97,559,000. The difference between the bank balance and the carrying amount represents outstanding checks and deposits in transit. Of the bank balance, \$1,439,000 was covered by federal depository insurance and \$96,120,000 was collateralized by the pledging financial institutions as required by California Government Code Section 53652.

According to the California Government Code Section 53601, bank obligations such as certificates of deposit are considered investments. However, in accordance with accounting principles generally accepted in the United States of America, the county has classified certificates of deposit in the amount of \$22,467,000 as deposits. Of the certificates of deposit balance, \$303,000 was insured and \$22,164,000 was collateralized by the pledging financial institutions as required by California Government Code Section 53652.

Under the California Government Code, a financial institution is required to secure deposits in excess of \$100,000 made by state or local governmental units by pledging securities held in the form of an undivided collateral pool. The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public agency deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits. The collateral must be held at the pledging bank's trust department or at another bank, acting as the pledging bank's agent, in the public agency's name. The county may waive collateral requirements for cash deposits, which are fully insured up to \$100,000 by the Federal Deposit Insurance Corporation. The county, however, has not waived the collateralization requirements.

The county follows the practice of pooling cash of all funds, except for funds required to be held by fiscal agents under the provisions of bond indentures. Interest income earned on pooled cash is allocated on a quarterly basis to the various funds based on the quarterly average cash balances. Interest income from cash with fiscal agent is credited directly to the related fund.

Authorized Investments

Under provisions of the county's investment policy, the county may invest in the following:

Bonds and notes issued by local agencies with a maximum maturity of five years. Obligations issued by Agencies or Instrumentalities of the U.S. Government.

State or Municipal Depository Funds, such as the Local Agency Investment Fund (LAIF) or pooled cash investment funds managed by County treasurers.

U.S. Treasury bills, notes, bonds, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

Registered state warrants, treasury notes, or bonds issued by the state of California.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

Bonds, notes, warrants, or other evidence of debt issued by a local agency within the state of California, County Treasurer, other local agencies or Joint Powers Agencies.

Federal agency or United States government-sponsored enterprise obligations, participations, or other instruments.

Banker's acceptances with a term not to exceed 270 days, limited to 40% of surplus funds; no more than 30% of surplus funds can be invested in Bankers Acceptances of any single commercial bank.

Prime commercial paper not to exceed 180 days and the highest ranking issued by Moody's Investors Service or Standard & Poor's Corp., limited to 15% of surplus funds; provided that if the average total maturity of all commercial papers does not exceed 31 days up to 30% of surplus funds can be invested in commercial paper.

Negotiable certificates of deposit issued by federally or state chartered banks or associations, limited to not more than 30% of surplus funds.

Repurchase/reverse repurchase agreements of any securities authorized by the California Government Code Sections 5922 and 53601 et seq. Securities purchased under these agreements shall be no less than 102 percent of market value. Securities purchased under reverse repurchase agreements shall be for temporary and unanticipated cash flow needs only.

Medium-term notes (not to exceed two years) of U.S. corporations rated "AAA" or better by Moody's or Standard & Poor's limited to not more than 30% of surplus funds.

Shares of beneficial interest issued by diversified management companies investing in the securities and obligations authorized by this Section (Money Market Mutual Funds); Funds must carry the highest rating of at least two national rating agencies and are limited to not more than 20% of surplus funds.

The Local Agency Investment Fund (LAIF) maintained by the state of California.

Any mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable pass-through certificate or consumer receivable-backed bond with a maximum maturity of five years, securities in this category must be rated AA or better by a national rating service and are limited to not more than 30% of surplus funds.

Notes, bonds, or other obligations that are at all times secured by a valid first-priority security interest.

Moneys held by a trustee or fiscal agent and pledged to the payment of security bonds or other indebtedness, or obligations under a lease, installment sale, or other agreement of a local agency, or certificates of participation in those bonds, indebtedness, or lease installment sale, or other agreements.

Insured demand and savings deposits, provided that deposits in excess of the insured amounts must be 100 percent collateralized by federal securities (Housing Authority).

Insured money market accounts (Housing Authority).

Insured super NOW accounts, provided the deposit in excess of insured amount must be 100 percent collateralized by federal securities (Housing Authority).

Sweep accounts that are 100 percent collateralized by federal securities (Housing Authority).

Funds held under the terms of a trust indenture or other contract or agreement including HUD/PHA annual contributions contract, may be invested according to the provisions of those indentures or contracts.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

Collateralized bank deposits with a perfected security interest in accordance with the Uniform Commercial Code (UCC) or applicable federal security regulations.

Risk Disclosures

Interest Rate Risk. As a means of limiting its exposure to losses arising from rising interest rates, the county's investment policy provides that final maturities of securities cannot exceed five years, unless the County Board of Supervisors (Board) has granted express authority to make that investment either specifically or as a part of an investment program approved by the Board no less than three months prior to the investment.

At June 30, 2007, the county (March 31, 2007, for the Housing Authority) excluding CCCERA investments (as of December 31, 2006, which are shown on page 55), had the following investments and maturities (in thousands):

Investment Type:	Investment Maturities				Fair Value Total
	Less than 1 year	1 to 3 years	3 to 5 years	Over 5 years	
U.S. Treasury notes & bonds	\$ 18,422	15,088	4,873		38,383
U.S. agencies - (FHLB, FNMA, FFCB, FHLMC)	67,188	162,472	38,604		268,264
Medium-term notes		2,745	16,854		19,599
Corporate notes	3,637	6,958			10,595
Municipal bonds	355	1,423			1,778
Asset backed securities		2,923	4,473		7,396
Repurchase agreements	539,723				539,723
Commercial paper	663,359				663,359
Negotiable certificates of deposit	204,985				204,985
Guaranteed investment contracts	23,225	1,918			25,143
Mutual funds	161,671				161,671
LAIF	466,013				466,013
CAMP	407				407
Local obligation bond		104			104
Corporate bond	11,121				11,121
Banker's acceptance					
Total	\$ 2,160,106	193,631	64,804		2,418,541

As of June 30, 2007, the portfolio contains \$51,380,000 of callable U.S. Agencies, representing 11% of investments at June 30, 2007.

Credit Risk. State law limits investments in commercial paper with an A1 and all other investments with an investment grade rating issued by nationally recognized statistical rating organizations (NSROs). The county's policy is to limit its investments in these investment types to the top rating issued by NSROs including raters Standard and Poor's, Fitch Ratings, and Moody's Investors Service.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

Local obligation bond	104	Not rated
Total	\$ 2,418,541	

* As rated by Moody's Investor Service

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the county will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. There are no county investments in which the securities are held by the investment's counterparty, not in the name of the county.

Concentration of Credit Risk. The Treasurer's investment policies and guidelines permit the County to be invested in any one issuer's investments up to 10% of the County's total assets of the investments held by the county. The investment portfolio contained no concentration of investments in any one entity (other than those issued or guaranteed by the U.S. Government) that represented 10% or more of plan net assets.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

Other Financial Instruments

In accordance with California statutes, the county may invest in a wide variety of investment instruments, including asset-backed securities, such as: collateralized mortgage obligations and principal-only strips and forward contracts.

The Treasurer holds principal-only strip instruments for the benefit of some county school districts. Those school districts utilize the services of an independent financial advisor in determining their investment strategy. As of June 30, 2007, the county's portfolio included \$1,909,000 of strip investments.

The county's investments with the Local Agency Investment Fund (LAIF), a state of California investment pool, at June 30, 2007, included a portion of the pool funds invested in structured notes and asset-backed securities, as follows:

Structured Notes are debt securities (other than asset-backed securities) whose cash flow characteristics (coupon rate, redemption amount, or stated maturity) depend upon one or more indices and/or that have embedded forwards or options.

Asset-Backed Securities the bulk of which are mortgage-backed securities, entitle their purchasers to receive a share of the cash flows from a pool of assets (such as principal) and interest repayments from a pool of mortgages (such as Collateralized Mortgage Obligations) or credit card receivables.

As of June 30, 2007, the county had \$429,876,000, the Housing Authority (March 31, 2007) had \$2,745,000 invested in LAIF and the fiscal agents had \$33,392,000 invested in LAIF which had invested 3.466 percent of the pool investment funds in structured notes and asset-backed securities.

The derivative information for the various mutual funds in which the county had investments is not available.

COUNTY OF CONTRA COSTA

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

C. Pension Trust Fund Deposits and Investment Risk Disclosures

Deposits

At year-end, the carrying amount of CCCERA's cash deposits was \$2,088,000 (which is included in cash equivalents) and the bank balance was \$2,164,000. The difference between the bank balance and the carrying amount represents outstanding checks and deposits in transit. Of the bank balance, \$100,000 was covered by federal depository insurance, and \$2,064,000 was collateralized by the pledging financial institutions as required by Section 53652 of the California Government Code.

Under the California Government Code, a financial institution is required to secure deposits in excess of \$100,000 made by state or local governmental units by pledging securities held in the form of an undivided collateral pool. The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure governmental deposits by pledging first deed mortgage notes having an institution's trust department or agent in CCCERA's name.

Investment Stewardship

Except as otherwise expressly restricted by the California Constitution and by law, the CCCERA Board invests the assets of CCCERA through the purchase, holding, or sale of any form or type of instruments, or financial transaction, when prudent, in the informed opinion of the CCCERA Board. In addition, the CCCERA Board has established an investment policy, which places limits on the compositional mix of cash, fixed income, equity securities, alternative investments and real estate investments. CCCERA currently employs external investment managers to manage its assets subject to the guidelines of the investment policy.

As permitted by the Government Code, CCCERA directs the County Treasurer to make specific investments on behalf of CCCERA. Investments made by the County Treasurer are subject to regulatory oversight by the County's Treasury Oversight Committee, as required by the California Government Code Section 27134.

Industry Concentrations of Portfolio Assets

The Board's investment policies and guidelines permit investments in numerous specified asset classes to take advantage of professional investment management advice and a well-diversified portfolio. The investment portfolio contained no concentration of investments in any one entity (other than those issued or guaranteed by the U.S. Government) that represented five percent or more of plan net assets.

Investment Risk

Investments are subject to certain types of risks, including interest rate risk, custodial credit risk, credit quality risk and foreign currency risk. The following describes those risks.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

Interest Rate Risk. The fair value of fixed maturity investments fluctuates in response to changes in market interest rates. Increases in prevailing interest rates generally translate into decreases in fair value of those investments. The fair value of interest sensitive instruments may also be affected by the creditworthiness of the issuer, prepayment options, relative values of alternative investments and other general market conditions. Certain fixed maturity investments may have call provisions that could result in shorter maturity periods.

The following schedule is a list of fixed income and short term investments and the related maturity schedule for CCCERA as of December 31, 2006 (in thousands):

Investment type	Investment Maturities				Fair Value Total
	Less than 1 year	1-5 years	6-10 years	More than 10 years	
Collateralized mortgage-backed securities (CMBS)	\$ 2,697	15,659	15,259	224,226	257,841
Collateralized mortgage-obligations	3,036	615	1,280	164,766	169,697
Commercial paper	89,502	9,497			98,999
Corporate bonds	10,170	72,946	108,358	26,783	218,257
Private placements	319	282,022	198,528	54,930	535,799
Short term investment-fund instruments	189,593				189,593
U.S. Treasury notes & bonds	29,012	64,245	13,432	26,530	133,219
U.S. agencies - (GNMA, FNMA, FHLMC)	18,915	32,946	46,888	426,540	525,289
Total	\$ 343,244	477,930	383,745	923,775	2,128,694

Custodial Credit Risk. For an investment, custodial credit risk is the risk that an entity will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party if the counter party fails. At year end, CCCERA has no custodial credit risk exposure to borrowers because the collateral exceeded the amount borrowed. The fair value of investments on loan at December 31, 2006 is \$346,681,000, which was collateralized by cash in the amount of \$356,760,000.

Concentration of Credit Risk. The Board's investment policies and guidelines permit investments in numerous specified asset classes to take advantage of professional investment management advice and a well-diversified portfolio. The investment portfolio contained no concentration of investments in any one entity (other than those issued or guaranteed by the U.S. Government) that represented 5% or more of plan net assets.

Credit Risk. CCCERA's general investment policy is to apply the prudent-person rule. Investments are made as a prudent person would be expected to act, with discretion and for the exclusive purposes of providing benefits, minimizing contributions and defraying reasonable expenses of administering the Trust. Investments should be diversified so as to minimize the risk of loss and to maximize the rate of return unless under the circumstances it is clearly prudent not to do so. Nationally recognized statistical rating organizations provide ratings of debt securities quality based on a variety of factors, for example, the financial condition of the issuers, which provide investors with some idea of the issuer's ability to meet its obligations.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

Fixed maturity investments may consist of rated or non-rated securities. Ratings can range from AAA (highest quality) to D (default). Debt securities with ratings of BBB or higher are considered investment grade issues, and debt securities with ratings of BB or lower are non-investment grade issues. Debt securities in the non-investment grade category are more speculative and often referred to as “high-yield.” This is due to the fact that lower rated debt securities generally carry a higher interest rate to compensate the buyer for taking on additional risk.

The following is a schedule of the credit risk ratings of CCCERA’s fixed income and short term investments as of December 31, 2006, as rated by Standard and Poor’s:

<u>Quality Rating</u>	<u>Fair Value</u> (in thousands)
AAA	\$ 1,155,428

Alternative Investments	164,125
TOTAL INVESTMENTS	\$ 5,602,394

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

Other Financial Instruments

As permitted by the California Government Code and the investment policy, CCCERA uses forward settlement contracts, forward currency contracts, futures and options contracts and other derivative products within fixed income financial instruments. These derivative financial instruments are used to reduce financial market risks, enhance yields and to participate in all market areas without increasing investment costs. At December 31, 2006, the following derivative financial instruments were held by investment managers:

Various investment managers for CCCERA manage fixed income portfolios that contain derivative type financial investments. These instruments include government and corporate obligations consisting of asset-backed securities, call and put options, floating rate notes, constant maturity index, Adjustable Rate Mortgages (ARMs), Collateralized Mortgage Obligations (CMOs), Collateralized Mortgage Backed Securities (CMBS) and LIBOR Indexed ARMs. The fair value of derivative financial instruments at December 31, 2006 is \$1,128,000.

PIMCO and Western Asset Management have made investments in forward currency contracts, which are unrecorded commitments to purchase or sell stated amounts of foreign currency. Gains or losses on the disposition of the commitments are recorded at the time of settlement. The fair values of forward contracts are determined by quoted currency prices from national exchanges. As of December 31, 2006, total commitments in forward currency contracts to purchase and sell foreign securities were \$256,415,000 and \$256,415,000, respectively, with market values of \$257,290,000 and \$258,496,000 respectively.

Securities Lending by the Employees' Retirement Association (Pension Trust Fund)

The CCCERA's investment policy permits the use of a securities lending program with its principal custodian bank. The CCCERA lends domestic and international bonds and equities to various brokers for collateral that will be returned for the same securities plus a fee in the future. The custodian bank provides loss indemnification to the CCCERA if the borrower fails to return the securities.

The custodian bank manages the securities lending program and receives cash and/or securities as collateral. The collateral cash can be invested and is automatically rolled into a Short Term Investment Fund (STIF). The collateral securities cannot be pledged or sold by the CCCERA without borrower default. Securities on loan must be collateralized at 102.0 percent and 105.0 percent of the fair value of domestic securities plus accrued interest (in the case of debt securities).

There are no restrictions on the amount of securities that can be loaned at one time. CCCERA has the right to terminate any loan in whole or in part by providing the custodian bank with written notice (a "Recall Notice"). Because the loans are terminable at will, the term to maturity of the security loans is generally not matched with the term to maturity of the cash collateral. There were no losses associated with securities lending transactions during the year.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

At year end, CCCERA had no credit risk exposure to borrowers because the collateral exceeded the amount borrowed. The fair value of investments on loan at December 31, 2006, is \$346,681,000, which was collateralized by cash in the amount of \$356,760,000, and has been reported as an asset and liability in the CCCERA Statement of Plan Net Assets.

5. RECEIVABLES

Receivables at year-end of the county's major individual funds, nonmajor, and internal service funds in the aggregate, including the applicable allowances for uncollectible accounts are as follows (in thousands):

Governmental Activities	General	CCC Fire Protection District Special Revenue	Land Development Special Revenue	Nonmajor	Internal Service	Total Governmental Activities
Taxes receivable	\$ 7,754	2,447		1,087		11,288

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2007

The due to/from other funds account balances primarily resulted from interfund cash transactions recorded after the cash cut-off on June 30, 2007.

B. Advances To/From

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Nonmajor Governmental Funds	Nonmajor Governmental Funds	\$ <u>7,666</u>
Total		\$ <u><u>7,666</u></u>

The advances to/from other funds account balances resulted from interfund loans from the Road and Flood Control Special Revenue Funds to the R.D.A.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

C. Interfund Transfers

Transfers were made during the year from the General Fund to subsidize the operations of the Hospital and HMO. Other transfers primarily consisted of payments from the various operating funds (principally the General Fund) to debt service funds in accordance with long-term debt covenants. In addition, special revenue funds made transfers to other funds to reimburse eligible costs incurred.

Interfund transfers to/from other funds for the year ended June 30, 2007 were as follows (in thousands):

<u>Transfer From</u>	<u>Transfer To</u>	<u>Amount</u>	<u>Purpose</u>
General Fund	County Hospital Enterprise	\$ 54,094	Provide subsidy to cover portion of the County Hospital's operation.
	Nonmajor Enterprise Funds	5,071	Provide subsidy to cover a portion of the HMO's operation.
	Internal Service Funds	1,996	Transfer funds from the General Fund to the Public Liability Insurance Internal Service Fund.
	Internal Service Funds	4,000	Transfer funds from General Fund to Public Liability Insurance Internal Service Fund.
	County Pension Bond Fund	\$ 37,380	Transfer a portion of Salaries and Benefits Expense to the Pension Obligation Bond Fund.
	Nonmajor Governmental Funds	1,955	Transfer a portion of Salaries and Benefits Expense for the Retirement Litigation Settlement.
	Nonmajor Governmental Funds	276	Transfer funds for the Sheriff's Patrol usage of helicopter and communication services.
	Nonmajor Governmental Funds	15	Transfer funds to the District IV libraries for the purchase of teen and children's books.
	Nonmajor Governmental Funds	30	Transfer of Equipment.

8. SHORT-TERM NOTES PAYABLE

On June 30, 2007 the county had tax and revenue anticipation notes outstanding in the amount of \$110,000,000 with interest at 4.5 percent per annum. The notes were issued December 12, 2006 and will be redeemed December 11, 2007. The initial interest is payable on November 20, 2007 and the final interest is payable on December 11, 2007. The County redeemed the December 8, 2005 issue of \$100,000,000 on December 7, 2006. The redemption monies were from taxes and other revenues transferred to a fiscal agent during the fiscal year. Total interest incurred on these notes during fiscal year 2006-2007 was \$4,838,000.00. These notes were issued to finance seasonal cash flow requirements for fiscal year ended June 30, 2007.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

10. LEASES

A. Operating Leases

Total rental expense for the year ended June 30, 2007 (March 31, 2007, for the Housing Authority), for all operating leases and month-to-month lease arrangements amounted to: \$15,608,000 for the General Fund; \$83,000 for the CCC Fire Protection Special Revenue Fund; \$2,495,000 for the nonmajor governmental funds; \$20,000 for the Land Development Special Revenue Fund; \$3,824,000 for the County Hospital Enterprise Fund; and \$189,000 for nonmajor enterprise funds.

At June 30, 2007 (March 31, 2007, for the Housing Authority), the future minimum rental payments required under non-cancelable operating leases for buildings and equipment, other than month-to-month lease arrangements, are as follows (in thousands):

Fiscal Year Ending June 30	Governmental Activities	Business-type Activities
2008	\$ 6,316	243
2009	5,300	124
2010	4,395	100
2011	3,813	100
2012	2,391	100
2013-2017	1,621	500
2018-2022	78	
Thereafter	2,399	
	\$ 26,313	1,167

B. Capital Leases

The county has capital lease purchase agreements for various county buildings, improvements, and equipment. The assets acquired under those lease purchase agreements are included in the county's capital assets. The costs of these assets for both governmental and business-type activities were \$12,740,000 for buildings and improvements and \$10,434,000 for equipment. The obligations related to those lease purchase agreements are included in the county's long-term obligations (see Note 11).

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

The following is a schedule of future minimum lease payments under capital leases together with the present value of future minimum lease payments as of June 30, 2007 (in thousands):

Fiscal Year Ending June 30	Governmental Activities	Business-type Activities
2008	\$ 3,541	630
2009	3,326	497
2010	3,113	497
2011	2,195	319
2012	1,180	141
2013-2017	1,515	
2018-2022	529	
Total	15,399	2,084
Less: Amount representing interest	(1,955)	(185)
Present value of future minimum lease payments	\$ 13,444	1,899

C. Leases of County-Owned Property

The county has non-cancelable operating leases of property to others for various operations including recreational, commercial, airport and governmental purposes. Rental income for the year ended June 30, 2007, amounted to \$1,220,000 for the General Fund, \$309,000 for nonmajor governmental funds, \$42,000 for the County Hospital Enterprise Fund and \$3,257,000 for nonmajor enterprise funds.

The leased assets included both land and buildings for both governmental and business-type activities. The net book value of the leased buildings was \$3,262,000; including cost of \$4,540,000 and accumulated depreciation of \$1,278,000. The land leases were primarily associated with business-type activities at the Airport. The cost of the land associated with these leases is indeterminate, as the leased land is a small percentage of Airport land asset.

The following is a schedule of future minimum rental receipts on non-cancelable lease agreements, not including month-to-month lease agreements, as of June 30, 2007 (in thousands):

Fiscal Year Ending June 30	Governmental Activities	Business-type Activities
2008	\$ 278	2,014
2009	213	1,994
2010	185	2,005

NOTES:

- (1) State environmental laws require the monitoring by the county of closed landfills for at least thirty years after closure. The liability is recognition of the estimated cost of performing the required post closure monitoring.
- (2) Debt service payments are made from restricted property taxes and other revenues recorded in the debt service funds.
- (3) Debt service payments are made from tax increment financing.
- (4) In 1994, the county issued \$337,365,000 in taxable pension obligation bonds. In 2001, the county restructured those bonds with a new issue in the amount of \$107,005,000. In April 2003, the county issued \$322,710,000 in taxable pension obligation bonds (2003 Series A).
- (5) In July 2005, the CCC Fire Protection District issued \$129,900,000 in taxable pension obligation bonds (2005 Series). Debt service payments are made from county and CCC Fire Protection District revenues.
- (6) Debt service payments are made from special assessment levies on properties in each assessment district. The county administers the assessment and repayment of those bonds. Since early redemption is allowed, there may be differences between the earnings on money received from property owners wishing to pay off their debt early and the interest obligation that accumulates on their debt between the time they submit funds to the county and the next available redemption date, as stated in the bonds' official statements. The county has historically funded this difference and to that extent may be obligated in some manner for this debt.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

(7) Debt service payments are made from operating revenues.

There are a number of limitations and restrictions contained in the various bond indentures. County management believes that the county is in compliance with all significant limitations and restrictions.

General, special revenue, and internal service funds have been used to liquidate compensated absences and claims payable liabilities within the governmental activities in prior years.

Following is a schedule of debt payment requirements to maturity for governmental activities for long-term obligations, excluding compensated absences and claims payable that have indefinite maturities, outstanding at June 30, 2007 (in thousands):

Fiscal Year Ending June 30	Capital Lease Obligations		Pension Obligation Bonds		Other Bonds Payable

New Bonds Issued

In June 2007, the Public Financing Authority, on behalf of the Agency, issued \$62,205,000 in 2007 Tax Allocation Bonds, Series A, \$25,500,000 in 2007 Tax Allocation Bonds, Series A-T, and \$16,665,000 in 2007 Tax Allocation Bonds, Series B. The proceeds, including a premium of \$2,373,891, were used 1) to refund the 1995 Series A, 1995 Series B, 2003 Series B Tax Allocation Bonds and portions of the 1999 and 2003 Series A Tax Allocation Bonds (refunded bonds); 2) to fund the initial reserve requirement of \$564,713 for Series B; 3) to pay \$2,231,349 in costs of issuance, including bond insurance for all three series and surety reserve fees for Series A and A-T; 4) to fund a capitalized interest account in the amount of \$1,181,281; and 5) to fund the project account in the amount of \$54,677,403, which will be used for

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

future capital projects. Of the proceeds designated for future capital projects, \$19,945,207 were placed into escrow until certain conditions were met.

Proceeds in the amount of \$48,088,874 and residual cash balances of \$6,970,948, provided by the old debt, were placed in an irrevocable trust with an escrow agent to provide for the redemption of the refunded bonds. At June 30, 2007, the outstanding balance of the defeased bonds was \$50,475,000.

Although the refunding resulted in the accounting recognition of a deferred loss of \$4,224,107 for the year ended June 30, 2007, the Agency in effect reduced its aggregate debt service payments by \$4,769,073 and generated net economic savings through the refundings (difference between the present values of the old and new debt service payments) of \$2,484,157.

2007 Lease Revenue Bonds – In March 2007, the Public Financing Authority issued \$122,065,000 of 2007 Lease Revenue Bonds, Series A. The proceeds, plus related premium of \$5,230,000 and debt reserve funds of refunded debt of \$2,764,000 were used as follows:

- 1) \$32,350,000 to finance various capital projects,
- 2) \$4,868,869 to fund the initial reserve requirement,
- 3) \$1,384,967 to pay costs of issuance, and
- 4) \$91,454,615 to advance refund the following outstanding debt:

• 1997 Certificates of Participation	\$26,815,000
• 1999 Lease Revenue Bonds, Series A	\$21,670,000
• 2001 Lease Revenue Bonds, Series A	\$10,275,000
• 2001 Lease Revenue Bonds, Series B	\$17,410,000
• 2002 Lease Revenue Bonds, Series A	\$ 6,800,000
• 2003 Lease Revenue Bonds, Series A	\$ 5,065,000

Of the \$91,455,000 of proceeds described above that were used to advance refund outstanding debt, \$27,516,000 was used to prepay and fully retire the 1997 Certificates of Participation and \$63,938,000 was placed in an irrevocable trust with an escrow agent to provide for the redemption of the remaining 1999A, 2001A, 2001B, 2002A and 2003A Lease Revenue Bonds as they come due; the amounts as shown above for these bond issues are considered defeased and have been removed from the financial statements. The Authority reduced its aggregate debt service payments by \$3,826,000 over the next 21 years and obtained a net economic gain (difference between the present values of the old and new debt service payments) of \$2,580,000.

Defeased Obligations

The county has defeased certain obligations by placing a portion of the proceeds of new debt issuances in irrevocable trusts to provide for all future debt service payments on the refunded obligations. Accordingly,

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

the trust account assets and the liability of the defeased debt are not included on the financial statements of the county. On June 30, 2007, \$138,390,000 in outstanding obligations is considered to be defeased.

LEGAL DEBT LIMIT

As of June 30, 2007, the county's debt limit (5 percent of valuation subject to taxation) was \$7.326 billion. The total amount of debt applicable to the debt limit was \$746 million, net of assets in the debt service funds and other deductions allowed by law. The resulting legal debt margin was \$6.580 billion.

Arbitrage

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. The county engages consultants to perform calculations of excess investment earnings on tax-exempt bonds and as of June 30, 2007, does not expect to incur a liability.

12. CONDUIT DEBT

From time to time Multifamily/Single Family Housing Revenue Bonds have been issued in the county's name to provide mortgage loans secured by first trust deeds on newly constructed and existing housing and to provide funds to builders for construction/remodeling of housing projects.

The bonds do not constitute an indebtedness of the county. They are payable solely from payments made on and secured by a pledge of the acquired mortgage loans or housing units and certain funds and other monies held for the benefit of the bondholders pursuant to the bond indentures. The county is not obligated in any manner for repayment of the indebtedness. Accordingly, no liability has been recorded in the basic financial statements.

As of June 30, 2007, the county had participated in the issuance of forty-one series of Multifamily or Single Family Housing Revenue Bonds. The aggregate principal amount remaining payable for the bonds issued was \$412,789,000.

Not included in the above amount are two defeased issues totaling \$50,245,000.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

13. NET ASSETS/FUND BALANCES

The government-wide financial statements and proprietary and fiduciary fund financial statements utilize a net assets presentation. Net assets are categorized as invested capital assets (net of related debt), restricted and unrestricted.

- *Invested in capital assets, net of related debt* - This category groups all capital assets, including infrastructure, into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- *Restricted net assets* – This category presents external restrictions imposed by creditors, grantors, contributors, laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- *Unrestricted net assets* – This category represents net assets of the county, not restricted for any project or other purpose.

In the governmental fund financial statements, reserves segregate portions of fund balance that are either not available for appropriation or are legally restricted by outside parties for use.

As of June 30, 2007, reservations of fund balance are described below:

- *Encumbrances* – to reflect the outstanding contractual obligations for which goods and services have not been received.
- *Inventories* – to reflect the portion of assets which do not represent available spendable resources.
- *Advances to other funds* – to reflect the amount due from other funds that are long-term in nature. Such amounts do not represent available spendable resources.
- *Prepaid items and deposits* – to reflect amounts paid in advance by the county for goods not yet received or services not yet performed.
- *Land held for resale* – to reflect investment in land which does not represent available spendable resources.
- *Program with purpose restrictions* – consists of developer fees collected through the County's Child Care Facilities Ordinance for the purpose of creation or expansion of child care services within the redevelopment project areas and consists of a small landscaping program.
- *Escrow bonds* – two RDA escrow funds for the purpose of increasing amounts in the Program Fund and three of the 2007 Loans to the Agency pending satisfaction of certain escrow release conditions. In the event that the Agency does not satisfy the escrow release

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

conditions prior to June 15, 2009, the funds will be used to redeem all or a portion of the Escrow Bonds on August 1, 2009.

- *Bond proceeds with eligibility restriction* – to account for bond proceeds held in escrow by the trustee for future use on capital projects once certain eligibility requirements are met.
- *Housing projects* – to account for financial resources designated for increasing and improving the supply of housing for persons and families of low or moderate income.
- *Debt service* – to reflect the funds held by trustees or fiscal agents for future payment of bond principal and interest or as reserves. These funds are not available for general operations.
- *Lease Purchases* – Reserve for lease purchases
- *Permanent fund-expendable portion* – to reflect the fund's accumulated expendable earnings.
- *Permanent fund-nonexpendable portion* – to reflect the fund's principal balance which is not expendable.

In the governmental fund financial statements Unreserved Fund Balance is divided into designated and undesignated portions. The designated portion represents the Board of Supervisors intended future use of available resources, but are subject to change. The undesignated portion represents resources that are available to meet the needs of the government. The designated portion of the Unreserved Fund Balance consists of the following:

- *Equipment replacement* – to reflect financial resources intended for equipment replacement.
- *Litigation/audit* – to reflect financial resources for potential litigation or audit. This is in addition to the amounts in the internal service funds.
- *Dougherty Valley* – to reflect funds from Gale Ranch I subdivision developer intended for various improvements.
- *CCC Fire Protection District capital facilities* – to reflect designated financial resources for CCC Fire Protection District's capital projects.
- *CCC Fire Protection District reserve designation* – to reflect the financial resources of the Reserve Policy established by the Board of Supervisors to serve as a prudent management tool in maintaining the long term financial health and stability of the CCC Fire Protection District.
- *General fund capital reserve* – to reflect reserved financial resources by board designation for capital projects.
- *General fund reserve designation* – to reflect the financial resources of the Reserve Policy established by the Board of Supervisors to serve as a prudent management tool in maintaining the long term financial health and stability of the county.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

14. PERMANENT FUND

The Permanent Fund accounts for the financial activities and balances of donor-restricted endowments for the county's libraries. Interest income may be used for the establishment and furnishing of children's areas within libraries, literacy programs and the acquisition of books that meet the criteria of the endowments. In accordance with the terms of the endowments and the California Government Code Section 25355, only the interest income may be used; any unused income may be used in a subsequent year. The amount available for spending, \$71,000, at June 30, 2007, is shown on the Statement of Net Assets as Net Assets Restricted for Permanent Fund – expendable portion.

15. EMPLOYEES' RETIREMENT PLAN

A. Plan Description

The CCCERA is a cost-sharing multiple-employer defined benefit pension plan (the plan) governed by the County Employees' Retirement Law of 1937 (the 1937 Act). The plan covers substantially all of the employees of the county, its special districts, the Housing Authority and thirteen other member agencies. The plan issues stand-alone financial statements which can be directly obtained from its office, as indicated in Note 1A.

The plan provides for retirement, disability, death and survivor benefits, in accordance with the 1937 Act. Annual cost-of-living adjustments to retirement benefits can be granted by the Retirement Board as provided by state statutes.

The plan is currently divided into seven benefit sections in accordance with the 1937 Act. These sections are known as General Tier I, enhanced and non-enhanced; Tier II; Tier III enhanced and non-enhanced; Safety enhanced and non-enhanced. On October 1, 2002, the Contra Costa County Board of Supervisors adopted Resolution No. 2002/608, which provides enhanced benefit changes commonly known as 3 percent at 50 for Safety members and 2 percent at 55 for general members, effective July 1, 2002, and January 1, 2003, respectively.

Legislation was signed by the Governor in 2002 which allowed Contra Costa County, effective October 1, 2002, to provide Tier III to all new employees, to move those previously in Tier II to Tier III as of that date, and to apply all future service as Tier III. Tier III was originally created October 1, 1998 and made available to all members with five or more years of Tier II service who elected to transfer to Tier III coverage.

Tier I includes members not mandated to be in Tier II or Tier III and reciprocal members who elect Tier I membership. County employees who were moved to Tier III effective October 1, 2002, continue to have Tier II benefits for service prior to that date unless the service is converted to Tier III.

Safety includes members in active law enforcement, active fire suppression work or certain other "Safety" classifications as designated by the Retirement Board.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

Service retirement benefits are based on age, length of service and final average salary in accordance with the California Government Code Section 31462 and 31462.1. For the Tiers I, III and Safety sections, the retirement benefit is based on a one-year average salary. For Tier II, the benefit is based on a three-year average salary.

B. Funding Policy

Pursuant to provisions of the County Employees' Retirement Law of 1937, the Retirement Board recommends the annual contribution rates for adoption by the Board of Supervisors. New contribution rates, based on the actuarial study as of December 31, 2004, became effective July 1, 2006. The contribution requirements are determined as a percentage of payroll.

The employer rates were calculated on the alternate funding method permitted by the California Government Code Section 31453.5. The "entry age normal funding" method is used to calculate the rate required to provide all the benefits promised to a new member. Unfunded costs resulting from this calculation are amortized on a level percent closed basis over 17 years from the December 31, 2005, valuation date.

Active plan members are required to contribute an actuarially determined percentage of their annual covered salary. The required percentage rates vary according to the benefit section and entry age of the employee. The rates in effect during fiscal year 2005-2006 (based on covered payroll as of January 1, 2005) ranged from 6.21 percent to 27.89 percent of the employees' annual covered salary.

The county employer rates of contribution, calculated as a percentage of the county's covered payroll as determined in an actuary report as of December 31, 2003, for fiscal year 2005-2006 were:

	<u>Non-Enhanced</u>	<u>Enhanced</u>
General Members, Tier I	18.88%	22.19%
General Members, Tier II	16.33	N/A
General Members, Tier III	17.80	19.64
Safety Members, Tier A	N/A	29.90
Safety Members, Tier C	N/A	35.43
CCC Fire Department	N/A	20.64

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

The county's annual pension cost and prepaid pension asset, computed in accordance with GASB 27, *Accounting for Pensions by State and Local Governmental Employers*, for the year ended June 30, 2007, were as follows (in thousands):

Annual required contribution (county fiscal year basis)	\$ 151,551
Interest on beginning pension asset	(50,708)
Adjustment to the annual required contribution	<u>91,569</u>
Annual pension cost	192,412
 Contributions made (including Retirement Litigation Settlement)	 <u>151,551</u>
Increase (Decrease) in pension asset	(40,861)
 Net pension asset, beginning of year	 <u>621,715</u>
Net pension asset, end of year	<u><u>\$ 580,854</u></u>

The following table shows the county's annual pension cost and the percentage contributed for the fiscal year 2006-2007 and each of the two preceding fiscal years (in thousands):

Fiscal Year Ended June 30	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Asset
2005	\$133,610	79.46%	\$530,227
2006	\$163,578	159.20%	\$621,715
2007	\$192,412	78.76%	\$580,854

The county has made its annual required contribution (ARC) for each of the past three years. The difference between the ARC and the APC is due to the amortization of the Net Pension Asset.

16. PATIENT SERVICE REVENUE AND RECEIVABLES

The County Hospital grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payer agreements. Charges for services are reported at estimated net realizable amounts from patients, third-party payers and others for services rendered and include estimated retroactive revenue adjustments due to future audits, reviews, and investigations. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered, and such amounts are adjusted in future periods as adjustments become known or as years are no longer subject to such audits, reviews, or investigations.

Laws and regulations governing the Medicare and Medi-Cal programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The County Hospital's Medicare and Medi-Cal cost reports have been audited by the fiscal intermediary through June 30, 2002 and June 30, 2005 respectively. As such,

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

the cost reports for the prior year are still under review by fiscal intermediaries and have not been settled due to certain unresolved reimbursement issues. The county believes it has adequately provided for any liabilities that may arise from the fiscal intermediaries' audits.

Net receivables from patients and third-party payers at June 30, 2007, are summarized as follows (in thousands):

Medicare	\$	7,223
Medi-Cal		11,603
Pvt/Ins		<u>2,754</u>
Total Net Patient Receivables	\$	<u><u>21,580</u></u>

The net receivables from patients and third party payers excludes an allowance for uncollectibles of approximately \$4,077,000 non-patient receivables.

17. RISK MANAGEMENT

The county self-insures its unemployment, dental and management long-term disability.

The county maintains a separate insurance policy to cover the Sheriff-Coroner's two helicopters up to \$50,000,000 for liability arising from the helicopters' use.

The county maintains up to \$600,000,000 "All Risk" insurance coverage subject to a \$50,000 deductible to cover its property, except for loss caused by earthquake or flood. Loss caused by earthquake is insured to \$180,000,000 and is subject to a minimum 5 percent deductible per location with a minimum \$100,000 deductible. Loss caused by flood is insured to \$575,000,000 on a shared aggregate and is subject to a \$100,000 minimum and \$500,000 maximum deductible for property located within a 100-year flood plain. The county has \$100,000,000 boiler and machinery coverage.

The county is exposed to various risk of loss related to torts; theft of damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disaster. The county currently reports its risk management activities in its Worker's Compensation Insurance, Long-Term Disability Trust, Employee Benefits Trust, and Personal Injury and Property Damage Funds (Internal Service Funds).

The county is self-insured for most insurable risk, except for excess insurance coverage provided by commercial insurance companies that are limited to the following:

- Airports hanger keepers liability in excess of \$5,000 per incident, but limited to a maximum of \$100 million.
- Airports property damage in excess of \$5,000 per incident, but limited to a maximum of \$100 million.
- Property insurance - all risk in excess of \$50,000 per incident, but limited to \$600 million.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

- Property insurance - flood damage in excess of 2% per unit, \$500,000 maximum, per incident, but limited to \$575 million.
- Property insurance - earthquake in excess of 5% per unit, \$100,000 minimum, but limited to a maximum of \$180 million shared aggregate.
- Property insurance - terrorism limited to \$200 million.
- Crime bond in excess of \$50,000 per incident, but limited to a maximum of \$10 million.
- General Liability in excess of \$1 million per incident, but limited to a maximum of \$25 million.
- Worker's Compensation in excess of \$750,000 per incident, but limited to a maximum of \$5 million; coverage provided by CSAC-EIA (California State Association of Counties Excess Insurance Pooling Fund. \$145 million provided by Commercial Insurance Carriers.
- Medical malpractice in excess of \$500,000 per incident, limited to \$10 million annual aggregate; but limited to \$11.5 million.
- Watercraft in excess of \$1,000 per incident, but limited to a maximum of \$1 million.
- Sheriff's helicopters limited to \$50 million per incident.
- Boiler and machinery limited to \$100 million.

During the past four years there have been no instances of the amount of claim settlements exceeding insurance coverage.

Internal service funds are used to account for the county's self-insurance activities. The county's policy is to provide in each fiscal year, by charges to affected operating funds, amounts sufficient to cover the estimated expenditures for self-insured claims. Charges to operating funds are recorded as expenditures/expenses of such funds and revenues of the internal service funds. Accrual and payment of claims are recorded in the internal service funds.

The county has accrued a liability of \$115,855,000 at June 30, 2007, for all self-insured claims in the internal service funds, which includes an amount for incurred, but not reported, claims. The self-insurance reserve is based on actuarially determined amounts for workers' compensation, public and automobile liability, and medical liability and based on management's estimates for all other reserves. In the opinion of the county, the amounts accrued are adequate to cover claims incurred but not reported in addition to known claims.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

Changes to the internal service funds' claims liability amount, including medical liability claims payable, for fiscal years 2005-2006 and 2006-2007 are as follows (in thousands):

Liability at June 30, 2005	\$	132,270
FY 2005-2006 claims and changes in estimates		10,235
FY 2005-2006 claim payments		<u>(21,500)</u>
Liability at June 30, 2006		121,005
FY 2006-2007 claims and changes in estimates		22,305
FY 2006-2007 claim payments		<u>(27,461)</u>
Liability at June 30, 2007	\$	<u><u>115,849</u></u>

The actuarially determined claims liabilities, including incurred but not reported claims, are based on the estimated ultimate cost of settling the claims, using past experience adjusted for current trends, and any other factors that modify past experience. It also includes incremental claim adjustment expenses. In addition, estimated recoveries on settled and unsettled claims were evaluated in terms of their estimated realizable value and deducted from the liability for unpaid claims.

18. COMMITMENTS AND CONTINGENCIES

A. Grants

The county participates in a number of federal and state grant programs which are subject to financial and compliance audits by the grantors or their representatives. Audits of certain grant programs through June 30, 2007, have not yet been conducted. Accordingly, the county's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. The county believes that such disallowances, if any, would not have a material effect on the basic financial statements.

B. Health Insurance

Health care benefits for active and retired employees are jointly financed by the beneficiaries and by the county. Most employees have a choice of participation in five medical plans: Kaiser Permanente, a private health maintenance organization (HMO); Health Net (HMO); Health Net, a preferred provider organization (PPO); and the Contra Costa Health Plans (CCHP) A and B, operated by the county Health Services Department. Employees represented by either the Deputy Sheriffs' Association (DSA), District Attorney Investigators' Association (DAIA), or United Professional Fire Fighters' IAFF Local 1230 are eligible to participate in medical plans administered by the California Public Employees' Retirement System (CalPERS).

For non-CalPERS administered medical plans, the county subvents 80.0 percent of Kaiser Permanente, 80.0 percent of Health Net (HMO), 60.0 percent of Health Net (PPO) and 98.0 percent of CCHP A and 90.0 percent of CCHP B premiums for plan members. The county subvention for CalPERS administered plans is a flat rate depending on the employees' union representation and the

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

number of dependents covered under the plans. All permanent employees have a choice of two dental plans as follows: a county self-funded plan administered by Delta Dental and a PMI Delta Care Plan. The county's self-funded plan is an indemnity program and the PMI Delta Care plan is a prepaid program.

The county's contribution to health and dental plans during fiscal year 2006-2007 for active employees was \$80,727,000. The county's liability for health care benefits is limited to its annual contribution.

C. Post-Employment Benefits Other Than Pensions

In addition to providing retirement benefits as described in Note 15, retired employees are allowed to continue participation in the medical and dental plans described above. As of June 30, 2007, there were 4,784 retired employees participating in the health plans, and the county contributed \$33,362,000 toward payment of the premiums. The cost of retiree health care is recognized when the county makes its contribution on a pay-as-you-go basis and is accounted for in the General Fund, Library and Fire District Special Revenue Funds, enterprise funds, or fiduciary funds as appropriate. This postemployment benefit was approved by Board of Supervisors resolution number 264 on August 22, 1961, with an effective date of October 1, 1961. To be eligible, the retiring employee must have been a member of a participating health plan at the date of retirement.

D. Special Assessment Debt

The county is considered to be "obligated in some manner," as defined by GASB Statement No. 6, *Accounting and Financial Reporting for Special Assessments*, for its special assessment debt. The county is obligated to foreclose on properties for which owners have failed to pay assessment installments as they fall due and the county may honor deficiencies to the extent that lien foreclosure proceeds are insufficient. The county's obligation to advance monies to pay debt service in the event of delinquent assessment installments is limited to the amount of remaining original bond proceeds and installments received. Special assessment debt is included in the county's statement of net assets and special assessment transactions are included in the Assessment Districts Debt Service Fund. Debt service payments are made from special assessments of the related special assessment district.

COUNTY OF CONTRA COSTA
NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2007

E. Construction Commitments

The county had entered into contracts for the construction of certain projects. At June 30, 2007, there were outstanding commitments of \$13,463,000 for Contra Costa County District Attorney's Office building, \$5,057,000 for Employment and Human Services Department's Office Remodel project, and \$1,968,000 for Parker Avenue Reconstruction project.

F. Pending Legal Matters

Numerous lawsuits are pending or threatened against the county. The county has recorded actuarially determined reserves in the internal service funds to adequately cover estimated potential material adverse losses at June 30, 2007.

19. SUBSEQUENT EVENTS

A. 2007-2008 Tax and Revenue Anticipation Notes, Series A

On November 15, 2007, the county issued 2007-2008 Tax and Revenue Anticipation Notes, Series A, for \$180,000,000 to finance the seasonal cash flow requirements of the county during the fiscal year ending June 30, 2008. The notes bear interest at 4.0 percent and mature on December 5, 2008.

B. 2007 Series B Lease Revenue Bonds

In August 2007, the Contra Costa County Public Financing Authority, a joint powers authority between the county and the Contra Costa County Redevelopment Agency, issued \$110,265,000 of 2007 Series B Lease Revenue Bonds. The proceeds of these bonds, together with restricted investments held by the Public Financing Corporation related to the Corporation's 1997 Merrithew Replacement Certificate of Participation, were used to: i) prepay on a current basis all of the Corporation's outstanding Merrithew Replacement Certificates of Participation on November 1, 2007; ii) fund a deposit into the reserve fund; and iii) pay certain costs associated with the issue.

The bonds have maturities on June 1, 2008 through June 1, 2018 and have an interest rate of 5.0 percent.

BUDGETS AND BUDGETARY ACCOUNTING

In accordance with the provisions of the California Government Code Sections 29000-29145 and other statutory provisions, commonly known as the County Budget Act, the Board of Supervisors legally adopts a budget for each fiscal year. Budgets are adopted on the modified accrual basis. Prior to June 30 the County Administrator develops, recommends and the Board of Supervisors adopts a proposed budget for the next fiscal year. This is based on preliminary data because the county's books have not yet been closed, ending fund balances have not been established, and the state has not yet adopted its budget. Later, after a series of public hearings the Board of Supervisors adopts a formal budget on or before October 2. This budget establishes the maximum authorized expenditures for the fiscal year that cannot be exceeded except by subsequent amendments to the budget by the Board of Supervisors and is reported in the budgetary comparison schedule as the "Original Budget."

Supplemental appropriations, which are normally financed by unanticipated revenues during the year, and any amendments or transfers of appropriations between summary accounts or departments must be approved by the Board of Supervisors. Pursuant to a Board of Supervisors Resolution, the County Administrator is authorized to approve transfers of appropriations among summary accounts within a department as deemed necessary and appropriate. Accordingly, the legal level of budgetary control by the Board of Supervisors is at the department level. Budgeted amounts amended during the fiscal year by the County Administrator and, when necessary, by resolution of the Board of Supervisors are reported in the budgetary comparison schedule as the "Final Budget."

The objective of the county's budgetary controls is to ensure compliance with legal provisions embodied in the annual budget approved by the Board of Supervisors. No department is permitted to spend and/or encumber more than its available appropriations. Increases in budget appropriations must be approved by the Board of Supervisors as a transfer from the Reserve for Contingencies, as a transfer from another appropriation, or as an appropriation of new or unanticipated revenue. Using the county's automated accounting system, staff of the Auditor-Controller monitors the expenditures of each department to ensure that they don't exceed the amounts appropriated by the Board of Supervisors for the year. The county uses an encumbrance system as an extension of normal budgetary accounting. Under this system, purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of applicable appropriations. Encumbrances outstanding at year-end are recorded as reservations of fund balance since they do not constitute expenditures or liabilities and are re-established, along with their encumbered appropriations as part of the following year's budget. Any appropriations remaining in the departments at the end of the fiscal year automatically lapse and are transferred to fund balance. The year-end fund balance, along with projected revenues, becomes available for appropriation the following year.

The amounts reported as expenditures by department include amounts charged each department to service the pension obligation bond debt and the liability for the Retirement Litigation Settlement because the budget includes these amounts as expenditures. "UAAL Pension Bond Debt Service Transfer" and "Retirement Litigation Settlement Transfer" are reporting adjustments made at the function level to achieve agreement with the financial statements where these expenditures are reported as transfers in accordance with GASB.

Nonmajor Special Revenue Funds

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for revenues that are restricted by law or administrative action to expenditures for specified purposes. Nonmajor special revenue funds used by the county are listed below:

ROAD FUND

This fund is used to account for maintenance and construction of roadways. Revenues consist primarily of the county's share of state highway user taxes and are supplemented by federal funds.

LIBRARY FUND

This fund is used to account for library services for all areas of the county except the city of Richmond. Property taxes provide most of the fund's revenues.

OTHER FIRE PROTECTION FUND

This fund is used to account for the East Contra Costa County and Crockett-Carquinez Fire Protection Districts fire protection services in the county. The fund is financed primarily by property taxes.

HEALTH AND SANITATION FUND

This fund is used to account for a variety of health and sanitation services. The fund is financed by state grants, the county's share of the tobacco tax and user fees.

SERVICE AREAS FUND

This fund is used to account for the provision of services such as lighting, park, or street maintenance by special districts to specific areas in the county. The fund is financed by property taxes and user charges.

FLOOD CONTROL FUND

This fund is used to account for the provision of services by special districts to control flood and storm waters. Revenues are primarily received from property taxes and federal grants.

LAW ENFORCEMENT FUND

This fund is used to account for a variety of law enforcement services financed by property taxes, narcotics seizures and court fines and fees.

COURTS AND CRIMINAL JUSTICE FUND

This fund is used to account for the improvement of courthouse and criminal justice facilities and related automated information systems. Revenues are derived from court fines and fees.

RECORDER/CLERK MODERNIZATION FUND

This fund is used to account for automation of civil and small claims functions of the courts and for micrographics and modernization of the Recorder's Office. Revenues received are from filing and recording fees.

REDEVELOPMENT AGENCY (RDA) FUND

This fund is used to account for the financial resources designated for the improvement of targeted low to moderate income housing areas and the elimination of blight.

CHILD DEVELOPMENT FUND

This fund is used to account for the financial resources designated for the county's child development programs.

IN-HOME SUPPORTIVE SERVICES PUBLIC AUTHORITY (IHSS) FUND

This fund is used to account for services to both providers and recipients of in-home care delivered through the In-Home Supportive Services program.

OTHER SPECIAL REVENUE FUND

This fund is used to account for the activities of several non-grant special revenue funds. It includes Fish and Game, VLF Securitization, Survey Monuments, Victim Assistance, Sans Crainte Drainage and county water districts.

Nonmajor Debt Service Funds

DEBT SERVICE FUNDS

Debt service funds are used to account for accumulation of resources for, and payment of, principal and interest on the county's general long-term debt.

RECREATION AND PARK BONDS FUND

This fund is used to account for accumulated monies for payment of recreation and park bonds. Financing is provided by specific property tax levies.

STORM DRAINAGE BONDS FUND

This fund is used to account for accumulated monies for payment of storm drainage bonds. Financing is provided by specific property tax levies.

PUBLIC FINANCING AUTHORITY (PFA) FUND

This fund is used to account for accumulated monies for payment of general long-term debt incurred for the various financing activities of the County of Contra Costa Public Financing Authority.

RETIREMENT LITIGATION SETTLEMENT FUND

This fund is used to account for accumulated monies for payment of the additional retirement benefits for retirees from the settlement of Vernon D. Paulson, et. al. vs. Board of Retirement of the Contra Costa County Employees' Retirement Association, et al. The county has entered into an agreement with CCCERA to pay the liability for its share of the additional costs over a twenty year period.

REDEVELOPMENT AGENCY (RDA) FUND

This fund is used to account for accumulated monies for payment of general long-term debt incurred for the purchase of real property within the area of the Redevelopment Agency.

PENSION BOND FUND

This fund is used to account for accumulated monies for payment of taxable pension obligation bonds. These bonds were issued to reduce or extinguish the county's unfunded actuarial accrued liability (UAAL).

CCC FIRE PROTECTION DISTRICT PENSION BOND FUND

This fund is used to account for accumulated monies for payment of taxable pension obligation bonds for the Contra Costa County Fire Protection District. These bonds were issued to reduce or extinguish the fire district's unfunded actuarial accrued liability (UAAL).

ASSESSMENT DISTRICTS FUND

This fund is used to account for the accumulation of monies for payment of assessment district debt issued to fund assessment district capital improvement projects.

Nonmajor Capital Projects Funds

CAPITAL PROJECTS FUNDS

Capital projects funds are used to account for financial resources to be used for the acquisition of land or acquisition and construction of major facilities other than those financed in the proprietary funds.

REDEVELOPMENT AGENCY (RDA) FUND

This fund accounts for the acquisition of real property and construction of improvements thereon in the county's unincorporated areas by the Redevelopment Agency for the purpose of removing or preventing blight.

COUNTY FACILITIES FUND

This fund is used to account for improvements made to Juvenile Hall facilities and other miscellaneous capital projects.

ASSESSMENT DISTRICTS FUND

This fund is used to account for all the capital improvement projects constructed using assessment district funds.

Nonmajor Governmental Fund

PERMANENT FUND

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs. The county's Permanent Fund is included in the combining financial statements of the nonmajor governmental funds (starting on page 97).

LIBRARY GIFT PERMANENT FUND

This fund is used to account for principal trust amounts received and related interest income. The interest portion of the fund is used to support the county libraries.

Nonmajor Enterprise Funds

ENTERPRISE FUNDS

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is to have the costs (expenses, including depreciation and amortization) of providing goods or services to the general public on a continuing basis be financed primarily through user charges; or where the county has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

AIRPORT FUND

This fund was established to account for the financial activities of the Buchanan Field and Byron Airport aviation facilities. Revenues include receipts under rental and lease arrangements involving county airport facilities, and state and federal aid.

SHERIFF LAW ENFORCEMENT TRAINING CENTER FUND

This fund was established to account for the financial activities of the Sheriff Law Enforcement Training Center. The center provides training to law enforcement personnel from the County Sheriff's Office and other agencies. Revenues include tuition fees paid by the student or law enforcement agency and state aid.

HMO MEDI-CAL PLAN

Revenues and expenditures are capitation payments and costs related to Medi-Cal eligible's enrolled in the Medi-Cal Plan.

HMO COMMERCIAL PLAN

Revenues and expenditures are related to Medicare, county employees, and private citizens enrolled in the Commercial Plan. In addition to monthly insurance capitation payments, revenues include realignment funds, National Master Tobacco Settlement funds, and subsidies from the General Fund.

MAJOR RISK MEDICAL INSURANCE FUND

Revenues and Expenditures related to residents who qualify for the State sponsored Aid to Infants and Mothers (AIM) Program and the Major Risk Medical Insurance Program (MRMIP).

INTERNAL SERVICE FUNDS

SELF-INSURANCE FUNDS

These funds are used to account for administrative costs and payments of claims under the various insurance programs. Revenues are primarily premiums paid by other operating funds and interest on investments. The insurance programs are:

- Employee Dental Insurance
- Long-Term Disability Insurance (Management Employees)
- Workers' Compensation Insurance
 - County General
 - Fire Protection
- Automotive Liability Insurance
- Public (General) Liability Insurance
- State Unemployment Insurance
- Medical Liability Insurance
- Special District Property Insurance

FIDUCIARY FUNDS

AGENCY FUNDS

TAX LOSSES RESERVE

This fund was established as a reserve for all delinquent secured taxes. It accumulates gains from tax sales and specified amounts of penalties and interest collected on delinquent secured taxes to cover possible future losses on the sale of tax-deeded property.

UNAPPORTIONED TAXES

This fund is used to account for unsecured taxes receivable, delinquent secured taxes, amounts which are impounded because of disputes or litigation and amounts held pending authority for apportionment.

OTHER AGENCIES

This fund is used to account for assets held by the county for individuals, private organizations and other governmental units. This fund includes payroll deduction clearing and other collections clearing monies.

STATISTICAL SECTION

THIS PAGE INTENTIONALLY BLANK

COUNTY OF CONTRA COSTA

Statistical Section

The county adopted the provisions of the Governmental Accounting Standards Board (GASB) Statement No. 44, Economic Conditions Reporting: The Statistical Section. The statement is intended to improve consistency and comparability in reporting and to provide clearer guidance regarding the applicability of the standards for the statistical section to all types of governmental entities.

This part of the county's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the county's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the county's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the county's most significant local revenue sources, taxes and license/permits and franchise fees imposed by the county.

Debt Capacity

These schedules present information to help the reader assess the affordability of the county's current levels of outstanding debt and the county's ability to issue additional debt in the future.

Economic & Demographic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the county's financial activities take place.

Operating Information

These schedules contain service and capital asset data to help the reader understand how the information in the county's financial report relates to the services the county provides and the activities it performs.

Note: The county implemented GASB Statement No. 34 in FY 2001-02. Schedules presenting government-wide information include information beginning in that year.

Total primary governmental net assets	\$ 895,371	916,070	883,571	907,975	983,915	1,020,294

¹ Capital assets include land, easements, infrastructure, construction in progress, structures & improvements, and equipment.

² Accounting standards require that net assets be reported in three components in the financial statements: invested in capital assets, net of related debt; restricted; and unrestricted. Net assets are considered restricted only when an external party, such as to state or federal government, places a restriction on how the resources may be used, or through enabling legislation enacted by the county.

Trend data is only available for the last six fiscal years due to the implementation of GASB 34 in fiscal year ending June 30, 2002.

¹ Net (expense) revenue is the difference between the expenses and program revenues of a function or program. It indicates the degree to which a function or program supports itself with its own fees and grants versus its reliance upon funding from taxes and other general revenues. Numbers in parentheses are net expenses, indicating that expenses were greater than program revenues and therefore general revenues were needed to finance that function or program.

² For fiscal years 2002-2005 the fund was the Health Maintenance Organization. Beginning in 2006 the fund was split into HMO-Medical Plan and HMO-Commercial Plan.

¹ During the year ended December 31, 1999, CCCERA settled its litigation, entitled Vernon D. Paulson, et al. v. Board of Retirement of the Contra Costa Employee's Retirement Association, et al. The consolidated lawsuit was brought on behalf of retired members of CCCERA regarding the inclusions and the exclusions from "final" compensation that are used in calculating members' retirement benefits as a result of the Ventura Decision. The final expense related to the settlement was determined and recorded in FY 2003/04.

¹ Assessed values are those defined under California Revenue and Taxation Code Sections: 601 and 721 et. seq.

Article XIII A, added to California Constitution by Proposition 13 in 1978, fixed the base for valuation of property subject to taxes at the full cash value which appeared on the Assessor's 1975-76 assessment roll. Thereafter, full cash value can be increased: a) to reflect annual inflation up to 2 percent; b) to reflect current market value at time of ownership change; and c) to reflect market value for new construction.

Taxable assessed value is 100% of assessed value.

See following page for property tax rates applied.

¹ In June 1978, California voters approved Proposition 13 which restricted the taxing power of local government agencies. Individual agencies do not establish their own property tax rates, except for voter approved indebtedness. Instead, a countywide rate is levied with the proceeds distributed to all agencies according to formulas specified by the state legislature. The countywide rate is 1 percent of assessed value (\$1 per \$100 of taxable assessed valuation). The rates shown above are allocations of the 1% tax on assessed valuation.

² The 2005 rate for Local Special Districts includes a negative rate computed for the Los Medanos Community Healthcare District to affect a refund to the taxpayers of \$850,000. The District's taxpayers had paid a special property tax for many years to fund the bond payments for healthcare facilities. Because of positive District finances, the District's Board determined the best use of any remaining bond funds (after covering all of the District's bond-related expenses) was to return the balance to taxpayers.

Total	\$ 15,522,018		11.09	\$ 7,556,674		10.24

Beginning in fiscal year 2003-2004 a refined methodology is used to determine the principal taxpayers. The assessed value of the property of all of a listed taxpayer's component entities are included. Also, ranking is based on assessed valuation which may be different from taxes paid due to special purpose levies paid by some taxpayers.

2007	1,967,771,060	80,851,968	4.11%	97,323,762

¹ Total property tax levy for all taxing agencies in the County.

Note: General taxes collected are the same as the amounts levied, because the county follows California's alternate method of apportionment (the Teeter Plan). Under the Teeter Plan, all amounts levied are apportioned to the county and other taxing agencies regardless of whether they are collected in the current year or not. A Tax Losses Reserve Agency fund insures losses resulting when a property is sold for taxes, and the proceeds are insufficient to pay the outstanding amounts due.

COUNTY OF CONTRA COSTA
MISCELLANEOUS STATISTICS
(Unaudited)

GEOGRAPHICAL LOCATION: Contra Costa County is located near San Francisco in the Bay Area. It is bordered by San Francisco Bay and San Pablo Bay on the west, by Suisun Bay and the Sacramento and San Joaquin Rivers on the north, by the delta country of San Joaquin County on the east and by Alameda County on the south.

ALTITUDE: Sea level to 3,849 feet

AREA OF COUNTY: 732.6 square miles of land and 73.3 square miles of water.

COUNTY SEAT: Martinez, California

FORM OF GOVERNMENT: General Law County, governed by a five member Board of Supervisors. Contra Costa County is one of the original 27 counties established when California became a state in 1850.
